**Accordionists Entertain**

band of local girls are building quite a reputation for themselves under the direction of Dave Crockett, their teacher, in supplying harmony to groups, with their accordians. The girls recently gave an hour long recital to Madrone Encampment No. 135, IOOF and are scheduled to play for Klamath Lodge, Crescent City on the evening of August 2 to which the public is invited.

The principals of the group are Linda Vernon, Cheryl Boderhamer, Alice Smith, Mary Ann Longacre, Naomi Sanders, Joy Salmon and Lu Ella Joy. There are several others in Crockett's classes who sometimes also play with the group.

Since the heat wave started, out in the Valley over 100,000 turkeys have died, many of them almost ready for market. Herders say the turks left the shade, got out into the sun, ran around in circles and died.

**Annual Library Meeting Held**

The annual meeting of the Chetco Library Association was Wednesday, July 18 at the library. New officers for the coming year were elected. Mrs. Arthur Knox is replacing Mrs. Erma Rice as chairman of the board, Mrs. James Kline replaces Mrs. Earl Simpson as vice chairman, and Mrs. Myrtle Schaal will continue in her post as secretary. Mrs. Erma Rice was elected to the post of treasurer, she replaces Mrs. Claude Goldizen. The association trustees are Mrs. Arthur Knox, Jack McCartron and Mrs. Jim Forerst.

A committee was appointed to report on the advisability of letting the library corporation dissolve when it expires at the end of the year. The library corporation had to be established in order for the library to receive the land grant for building. Now that Brookings has become incorporated the library has become a part of the city and the library corporation is not necessary as previously. The committee will also discuss the possibilities of reduction of Association dues which are now \$2.50 a year.

It is hoped that the Chamber of Commerce will get the library directional signs up in the very near future, and that arrangements can be made for street lights to be placed near the library.

**Heaters and Blankets In Brookings**

With the rest of the country sweltering and all the incidentals that go with soving thermometers, Brookings has, for the past several days kept it much the coolest city in the country. Official maximum readings in the 60's and minimum in the lower 50's, make the coastal high fogs very welcome and for those whose bones become frigid in this chill there is always relief from it two or three miles back where the 90's. Hundreds of our neighbors from the other side of the Coast Range are spending as much time as they can spare under this heat insulating canopy where heaters are turned on evening, and a blanket or two is a welcome cover, along toward morning.
