Unemployment Office Sets Time

Mrs. Ruth Bray manager of the area Unemployment office located at North Bend dropped in to say there will be a representative of the organization in Brookings at the City Hall on alternate Wednesdays.

Reporting for the quarter ending December 30, 1955, the unemployment reported by 158 hiring units stood at 2,113 on the pay-rolls and they drew a total of \$2,526,002 in wages during the quarter year. Of this total \$2,152,999 was earned in the lumber and wood products industry.

It is interesting to note that during this last quarter of '55 total reported wages in the three counties—Douglas, Coos and Curry, amounted to about \$33½ millions of which \$21 1/3 millions were paid out in the lumber industry. During the same period, wages paid on contract construction came to \$1,831,000 of which \$1,373,000 was in Douglas county.
