

**HARBOR NEWS**

**Last Week**  
 Carroll Reekman left for his home in Ashland Sunday afternoon after enjoying a long week end at the home of his mother, Mrs. Milton Foster. He had been in Coos Bay for a conference of Public Utility Commission employees the first part of the week.  
 Mr. and Mrs. William Clement returned home from Trout Lake, Washington Wednesday after a week's visit at the home of a brother-in-law, J. L. Thomas. The group went up on Mt. Adams and Table Rock Mountain, seeing four bear and woods full of deer on their journey. They report that the fishing was just fair.  
 Mr. and Mrs. Robert Zenker of Indio, California were recent visitors at the home of their daughter, Mrs. Arbee Freeman and Mr. Zenker's sister, Mrs. Emma Hellrig.  
 Pvt. Robert Carney arrived at home for a ten day leave at the home of his mother, Mrs. George McMillan, after finishing boot training at the Marine Training camp at San Diego and six weeks at Camp Pendleton. He will return to Southern California for further training with the Heavy

Equipment Construction and Shore Party unit he is with.  
 The Harbor Community club will hold a picnic at 12:30 this Friday at the Azalea State Park if it is nice weather, instead of their regular monthly meeting. In case of inclement weather the picnic will be held at the home of Mrs. Ruth Hale. The new officers for the coming year will be installed during the afternoon. Mrs. Myrtle Skopec will be seated as president; Viola Hanscam as vice-president and Ruby Harvey, as secretary-treasurer.  
 Mrs. Lewis Peterson returned home Sunday from San Francisco where she had accompanied her sister, Miss Susie Peers, when she returned there after visiting here for several days. Mrs. Peterson was gone nearly a week.  
 Doug Perdek and his son of Crescent City were calling on friends Sunday and brought their well drilling equipment in for more work in this area. They have been in Medford working for the past several weeks.  
 Did you ever lose your wallet with \$25.00 in it as well as all your personal cards, social security, drivers license, etc.? This is the story of a wallet that was lost by Frank Hellrig when he

was plowing his mothers, Mrs. Emma Hellrig's garden in the spring of 1955. He figured that it was lost for good and had his social security and drivers license cards re-issued. The same p/o, was plowed again this spring by David DeMartin but the wallet didn't show up. Later when Mrs. Hellrig was preparing her cucumber hills, she dug deeper to put the fertilizer in, and low and behold there was the wallet, moldy and about to pieces, but when opened, there could plainly be seen the \$20 and \$5 bills, but they were too disintegrated to handle. The wallet with the bills in it was sent to the Treasury Department in Washington, D. C. and check for \$25.00 was sent to cover the value of the currency. A happy ending of a lost wallet.  
 Mrs. Jennie Smith is now at Tanglewood Manor near Bandon to make her home, having been taken there Thursday by Robert Darling with whom she has made her home for the past ten years. This is the same place that Aunt Sue Benham is, so when their friends go to visit one of these grand women, they can see both of them.  
 Mrs. Ole Lindgren was called to Medford Friday to be with her daughter, Mrs. Wayne Whaley, as Mr. Whaley was in a woods accident near Applegate Thursday. He was on a cat which tipped over and crushed his leg so that it was necessary to amputate it above the knee. Mrs. Lindgren's son, Charles Ellis drove over from Medford to take her there, and Mr. Lindgren plans to go after her this coming week end. Mrs. Whaley is the former Evelyn Ellis, and made her home here when she was a girl.  
 Mr. and Mrs. Art Lambert of Greenville, California were house guests for a few days recently at the Emma Hellrig home up the inchuck. They made their home on the Hellrig place several years ago when Mr. Lambert was employed in the old David Crockett mill.

**WORK OUT SYSTEM**

A group of college boys are said to have taken \$96,000 from Harold's club, Reno, over a period of weeks. They are suspected of having worked out a system, through long observation, and kept up a 24 hour play, each player placing moderate sums.
