ROY KRUGER CELEBRATES BIRTHDAY WITH PARTY

Roy, son of Mr. and Mrs. Otis Kruger, was the excited captain of a Pirate Birthday party held in his honor, at his home, on the 25th. As each guest arrived he was outfitted with a hat, eye patch, mustache, and sword. After the gifts were opened the guests played several games and took part in a treasure hunt. Refreshments were then served, after which Mrs. Kruger took all the guests to the theatre matinee for the show and popcorn.

The captain's party included Eddie Brace, first mate; Wayne Brace, second mate; John Soderholm, third mate; Bradley Smith, armorer; Mike Spees and Timmie Brace, gunners and Eric Courtney ships cook.

BLOOD DONORS WANTED . . .

Through another's neglect your life, or that of some of your loved ones may be endangered. Blood donor registrations are not coming in as rapidly as they should nor is information being brought in as to where registered donors may be reached NOW.

As fast as positive donor data comes in it is being typed on file cards as a permanent and easily accessible record. The work is being done by volunteers. These cards will be segregated according to blood types so, when you need a transfusion your doctor will not have to hunt through hundreds of names, possibly wasting much valuable time in trying to run down a donor.

If you have dependable proof

of your blood type, including Rh factor (plus or minus), whether from the previous local typing, Red Cross or other competent agency and wish to be listed as available for transfusions please contact, immediately, the Chetco Drug where the master file is located. Exservice personnel should bear in mind their "dog-tag" typing is reported to be unreliable.

The elementary program at the schools here will include a physical education class for all the grades this year.

VISITS IN IDAHO

June Kennedy recently enjoyed a five day vacation with her fiancé Hal Stetzenmeyer and mother, Mrs. Harold Stetzenmeyer at Craters of the Moon in Idaho, and Crater Lake.

The Stetzenmeyers returned to Los Angeles Sunday where Hal will continue studying for his Masters Degree in Geography from the University of California, which he expects to receive in February.

A wedding is being planned following his graduation.

PALLADY'S INTERTAIN WEEK END GUESTS

Mr. and Mrs. Robert Hale of the Hale Office Equipment Company of Coos Bay, spent the week end visiting their aunt and uncle, the Frank Palladys. They remained Monday to install the equipment in the new telephone office at Brookings.

Recently, Mrs. Hale, who will be remembered as having lived and gone to school at Harbor, Mrs. Anita Byrd, recently received a cash prize of \$500 given by the Naugahyde Division of the U. S. Rubber Co. for the best window display in the region comprising Oregon, Washington, Idaho and Montana.

NEWTONS' REUNION

Six of the Newton family gathered, this week end at Harbor. Mrs. Ethel Newton Sherman of Los Altos, California, was up, also sister, Mrs. A. G. Colson of Crescent City, visiting their sisters, Mrs. Ruby Harvey and Mrs. Jessie Judkin; and brothers, Almo and Obie. Brother Tom of Klamath Falls couldn't make the trip conveniently.

Mrs. Colson was accompanied by her husband and Mrs. Sherman left Monday for her home.

COMPARE THE LOW-PRICED THREE FOR DURABILITY

New 500 mile record set at the Indianapolis Speedway proves the extra durability you get in a 1956

FORD

No stock car—of any make—had gone even one lap at Indianapolis Speedway at 100 m.p.h.—until Ford set out to give dramatic proof of the superior performance of the 1956 Ford V-8.

Result—an average speed of 107.126 m.p.h. for the full 500 miles.

Driving like this certainly calls for more durability than you'll need. But it's good to know you have it—thanks to such important exclusive Ford durability features as these:

1. Ford has a 5 cross-member K-bar frame. Where other low-priced cars have two or three cross-members, Ford brings you five. K-bar construction for extra strength, extra safety is a Ford exclusive.
2. Deep-block V-8 engine. Only Ford engines in the low-price field have an extra-deep block . . . for greater rigidity, smoother going, longer life! Both Ford's Six and best-selling V-8

have short-stroke design for less friction and longer engine life.

3. Huskiest Ball-Joint Front Suspension. Ford's improved Ball-Joint suspension, with wide-spread support arms and rigid forgings is the huskiest in its field. One of the safety factors engineered into all '56 Fords.

And now you can get your new Ford a new way...THE FORD FAMILY PLAN

You choose the Ford you family wants and needs. Then your Ford Dealer helps you work out a deal tailored to your family budget. There's no fixed down payment... no fixed monthly payments. You get an easy payment plan based on a generous trade-in allowance and your own monthly income.
