SELECT CAROL RAUSCH ON TEEN FASHION BOARD

Carol Rausch of Brookings, has been elected to McCall's Patterns' Teen Fashion Board for the 1956-57 school year, according to an announcement by Kit Mason, School Service Director of the Pattern Company. She is one of 700 senior high school students from all over the country nominated to the Board by their home economics teachers on the basis of sewing skill, fashion knowledge and school leadership. Only one student from each school is eligible.

As a member of the Teen Fashion Board, each girl is deemed qualified to act as an advisor to the design department of McCall's Patterns, and is sent special advance fashion patterns from New York throughout the year. Every Board member also receives a membership certificate, card and pin, a subscription to McCall's "Today's Teens," and a McCall's Pattern of her choice.

Today's only 4-wheel drive truck...

designed and engineered completely for 4-wheel drive off-the-road use!

Your purchase of a 4-wheel drive truck involves an important investment. That's why you should get all the facts before you buy.

When you get the facts, only one 4-wheel drive truck stands out—the rugged 'Jeep' Truck. And it's no wonder why! It's the only 4-wheel drive truck in its weight class originally designed and engineered completely for 4-wheel drive, off-the-road use—the only one time-tested and performance-proved in thousands of miles of transport service. Yet it shifts easily into conventional 2-wheel drive for highway travel at top legal speeds. It's a 4-wheel drive unit, not a modified 2-wheel

drive truck! It's tested, proven, certified and unique in its weight class. No other 4-wheel drive truck even touches its performance-proved all-around utility.

Add to all this the 'Jeep' Truck's functional design, long life, low maintenance cost and high re-sale value and you see why it's your one best 4-wheel drive truck buy!
