Letter To The Editor

We are prospective residents and eagerly so, of your wonderful City of Brookings, and extremely interested in every phase of Brookings activities and growth. We are at present living in Santa Rosa, California and subscribe to the Pilot, which we avidly read and enjoy.

The August 23, 1956 edition was of utmost interest to us. Referring of course to the letter written by Lee Morse; we are in complete accordance, and feel that the suggestion regarding a hospital and its facilities should be submitted to the people of Brookings by petition.

We are sure the Pilot could be most helpful in "sounding out" as it were, the reaction of the gen-

eral public to the hospital by a public poll.

The growing pains Brookings has faced and solved to become the fine community of today have been many and costly, but by perseverance have been accomplished. Her schools, the new highway, sewers and the current road paving program, all of which have made Brookings the fine city she is; however a hospital is another challenge that should be met and solved with the same perseverance, thus meeting the needs of the people and lessening the strain on the overworked doctors; doctors trying to do the herculean task of attending the people in Brookings and yet commuting 27 miles to another city to attend the people of Brookings.

The growth of the Pilot alone should be a criterion for the pro-

BUYS OPHIR SITE

Evans Products Co. of Coos Bay have purchased a 40 acre site on Euche Creek near Ophir, according to word received here. No plans for the development of the site were announced by Evans. An old log pond is on the site. Speculation of a veneer plant in the area was made by several lumbermen.

BROOKINGS Items

One of our old county boys, Bill Tolman, had a surprise birthday party last Friday honoring him on his 71st anniversary. At Katie's Cafe, Port Orford, run by Mrs. Roy Rogers, Bill was honored with a big cake, a Pendleton shirt and free coffee to all his well-wishers. Bill is a native of Curry and there are many in it, at least, who wish him lots more of birthdays here.

Mr. and Mrs. L. Z. Harbin have been in Eugene for the past several weeks where Mr. Harbin has been in the Sacred Heart hospital. At last report he was improving.

Doug Goldsberry and Don Monson in Doug's Volkswagen had a delightful vacation driving as far north as they could go on Vancouver Island, Canada. They went up as far as Nanaimo then crossed over to the mainland and back home. They camped out all the way and covered something like 1700 miles.

Miss Barbara, daughter of Mr. and Mrs. Mickey Gould is in San Francisco where she entered as a dental tech student.

While in Coquille, recently, Leo Lucas looked up one of his old local teachers, Mrs. Frances Holmstrom, mother of Buz, of explorer fame, taught here at the Chetco almost 40 years ago.

Howard Miller of Coquille has been sent down into this county to hang more phones. Say, he has about a hundred on order to install. A native of Curry, he's been working for the phone company for years and years.

BROOKINGS BIBLE CHURCH

Parents are urged to bring their children to special Rally Day services this coming Sunday at the Brookings Bible Church. They aspire to having at least 150 in their Sunday school.

\$5,000 PENALTY

A \$5,000 penalty may be levied against a person who signs his name as resident of a precinct if he is not actually living in that precinct at the time he signs the poll book.

People of Brookings and we sincerely hope to soon see this most important hospital issue taken into serious consideration and not become shelf worn for want of public interest and civic pride.

Continued success to the Pilot—a decisive spoke in the Brookings wheel of progress!
