A new office has been opened, George McBride, district manager, reported, in response to the spectacular growth of telephone service in the Brookings area. "During the last five years the number of telephones in this exchange has increased from 135 to 780, an increase of 322 per cent. Brookings is the fastest growing exchange in our system. We are planning ahead on the assumption

that this extraordinary growth will be maintained for many years to come."

**Top Entertainers Make Sister Kenny Radio, TV Appeals**

Minneapolis, Minn.—The 1956 annual fund appeal of the Elizabeth Kenny foundation, with national headquarters here, has received wholehearted support from a select group of the nation's outstanding radio, screen, stage and television stars, according to Marvin L. Kline, executive director.

"Musical Memories," a series of quarter-hour, transcribed radio shows, features such top-name talent as Jaye P. Morgan, Jo Stafford, Lauritz Melchior, Mimi Glosney Benzell, Peggy King, Gisele MacKenzie, Patrice Munsel, Rosemary Clooney and Sammy Davis, Jr. Old and new songs, with which each singer is identified, are presented in this series.

Another series, comprised of radio "disk jockey cut-ins," has been prepared by Nat "King" Cole, Frankie Carle, Frankie Laine, Ray Anthony, June Christy, Dinah Shore, Lawrence Welk, Frankie Masters and Nanette Fabray.

For use on television, there is a series of one-minute appeals by Richard Kiley, Arthur Kennedy, Jayne Mansfield, Dave Garroway, Tommy and Jimmy Dorsey, Zachary Scott, Joseph Schildkraut, Ezio Pinza, Will Rogers, Jr. and Andy Griffith.

"In their appeal for continued public support, these entertainment stars cite the need for funds to permit the Kenny foundation to continue its program of medical research now under way at many leading universities and hospitals," Kline declared. "They also describe the Kenny foundation's continuing fight against polio crippling and its expansion program to extend benefits of the Kenny technique in the rehabilitation of victims of other neuromuscular disorders."

**CONSERVATION RESERVE ... is for ALL FARMS**

All farm land regularly used to produce crops, including tame hay, is eligible for the Conservation Reserve of the Soil Bank, the U. S. Department of Agriculture announces. Farmers participating in the Conservation Reserve will sign contracts through County Agricultural Stabilization and Conservation Committees to shift land from production to conservation uses. Contracts will be for 3 or 5 years if the land already is in an approved cover crop; for 5 or 10 years if approved cover must be established; and for 10 to 15 years if trees will be planted. Up to 80 percent of the costs of conservation practices may be paid by the government. In addition, annual payments on the land will be made during the life of the contract. Farmers also may participate in the Soil Bank's Acreage Reserve if they have allotments for wheat, corn, cotton, peanuts, rice, or tobacco.

will go into flags and equipment for their troop activities. The troop has already completed their tenderfoot exams and 15 of them took part in their recent investiture as a troop. They are now all aspiring for their second class badge. Their leaders, Mrs. M. M. Am-

lin and Mrs. Lyle Smith are anxious to have volunteers who will help the girls in attaining proficiency badges in their many classes. Possibly one of these is in seeing how much of their goodies you can get away with come Saturday evening.
