

**CAR PROWLED IN CALIF.**

Mr. and Mrs. Thor Ask, formerly of Brookings and now of Washon Island, Washington had the misfortune of having their car entered in California.

After leaving Mrs. Ask's mother Mrs. Ina DeMoss, here for a visit, they had parked their locked car in a hotel lot and found, in the morning, that everything was taken, even their glasses. Mrs. Ask had taken her train case with her and, fortunately, he had taken his movie camera with him. Outside of those two articles, they just had left the clothes they were standing in.

Things are getting very tough. Had to run the same ads two weeks in a row but it must have worked O. K. because we sold that beautiful Chetco River frontage as well as one other. So here are some more bargains for your approval.

Very livable small cottage with geoe or jus Ocean view on one half acre. We suggest that you live in the present cottage and build a fine home on the opposite end of the property where the view is th best. Then use present cottage for a good rental which will assist in paying for your new home. Best part of all is that the total price is only \$3,150.00 furnished.

I'm not going to advertise that beautiful place on the river, all new furniture, even TV, boat dock, boat and motor: for only \$7,500.00 because someone will come in the office and buy this so why advertise and spend good money foolishly? Sure is a swell place for someone that likes the best in fishing and outdoor living though. But I'm not going to advertise this cause it's really a hot deal. And I'll sell it without advertising it. I'm telling you I will for sure. Just you watch me cause I'm not going to advertise this one at all.

How about making an offer to the owner on approx. 50 acres with a 2 bdrm. cabin, year round cased in four foot tile spring, small orchard and excellent view. Owner has a price of \$4,650.00 but said to get him an offer and that is fair enough to an interested party. Come in as it's close in and wont take 15 minutes to show. In fact you can see where it is located from our office.

If you are a logger and have trucks and equipment we feel that you will want to take a look at this nice home with large truck shop and an acre of land, close in on easy street. You can have possession right away if you hurry. Can be had on good terms so come in for details.

Have you a house close in you would like to trade for a fine 35 foot trailer?? If so drop in and we will show you this beautiful trailer.

Want a fine lot with small house for a total price of only \$1,650.00????? We have it ready to show you. This is a real buy and no kidding about that.

Remember we are always available evenings at 217 Spruce Drive, Woodland Park Addition. Phone 4712.

**FIVE HAVE BEEN APPOINTED**

Five men have been appointed Commissioners for the Port of Brookings by Gov. Elmo Smith. Naturally, no list of five men can be completely satisfactory to all the various groups and factions in an area such as the district encompasses. We are, however, very happy personally with the selection.

As individuals those appointed are good men, leaders in the community. They will have the interests of the project at heart. They won't hesitate to work for the project.

Now that the appointments have been made we call upon every citizen of the Port District to toss away personal animosities, and to back the Commissioners in every way. We know that the only way that anything is done is by pulling together as a community.

Our congratulations to the new commissioners, and we pledge our support in every way.
