HARBOR NEWS

Mrs. Alice Bordwell, Mrs. Clara Bowlin and Mrs. Dorothea Ray returned home last week after attending the national convention of Emblem clubs at Coronado Beach, California which lasted several days. They report a good convention and a good trip, but were glad to get home again and see some greenery as it is very dry in southern California.

Several groups of local people went to central Oregon for the opening of the duck and goose hunting season. From the weather reports, they must have had some crummy weather early in the mornings while shooting.

Mr. and Mrs. William are the parents of their first daughter, a seven pound thirteen ounce miss born at the Seaside hospital on Monday morning. They have named the little newcomer Colleen Marie.

Mrs. Elmer Kennedy was surprised last week by a visit from her half-brother Wesley Dowling and his family of Edmonton, Alberta, Canada. It was the first time that the brother and sister had ever seen each other, and it was an interesting experience for them. The Dowlings were on their way south to Los Angeles where they plan to make their future home.

Suffers Attack

Funeral services will be held in Klamath Falls the middle of the week for Mrs. George Woolsey of that city who passed away at the Seaside hospital from a heart attack on October 14.

Mrs. Woolsey had accompanied her sister and brother-in-law, Mr. and Mrs. D. F. Massey from Klamath Falls when they returned home Thursday after a week's stay there. She was in good

spirits and feeling well until Saturday when she complained of sick and later collapsed. An ambulance took her to the Seaside hospital but she never came out of the coma.

GARDEN CLUB SETS THEME FOR SPRING SHOW

The Azalea Garden club met on Thursday, October 11 at the VFW

hall. After the dessert luncheon the business meeting was held, at which time the theme for the spring flower show, to be held on June 8 and 9 was announced.

It is to be "International Flower Festival". A preview of the show was given by members of the flower show committee, and a drawing of the floor plan by Mrs. Dale Chapman was shown.

Everyone present was enthusiastic about the complete plans for the beautiful and unusual show.

Mrs. Paul Brunk of Crescent City was unable to be present to demonstrate "The Art of Arrangement" so Mrs. Charles Grayshel conducted a workshop on arrangement in which many participated.

The club voted to continue their membership in the Keep Oregon Green Association.

From where I sit ... by Joe Marsh

"Barnyard 'WHOOdonit'"

The Barn Owl Controversy still rages in our town. One group claims owls should be protected because they eat vermin. The other faction holds that those little howlers also eat chickens ... and should be shot.

Now Pops Parker claims both parties are right. All owls clean up vermin. Some owls also clean out an occasional hen yard.

The way to spot a bad owl, according to Pops, is to put up a 10-foot pole in the chicken run with a No. 2 trap on it. A marauding bird generally perches to

look over the situation before he strikes, giving you your evidence, and the culprit!

From where I sit, I doubt if this will end the owl argument. People have different opinions on the subject—just as they have different opinions about whether beer, tea or what-have-you makes the best thirst quencher. Examine the facts and make up your own mind. I say ... and be thankful we live where that's possible.
