## Students Take Scholarship Test

One Wednesday, October 6, eleven seniors took a scholarship test. Over a million high school students all over the world took the test. Five hundred students in the U. S. will receive one of these scholarships. These are various different organizations and corporations which give these scholarships. Some pay four years of tuition while others pay all expenses.

The eleven students from Brookings who took the test are: Joanne Renhard, Bob Dimmick, Jerry Smith, Charlotte Jensen, Rod Rush, Dave Bushnell, Lowell Lute, Phyllis Cole, Phil Kessler, Chuck Hoffmann and Doug Hammes.

It is advised that the underclassmen start now to improve their vocabulary so that when the times comes they will be prepared for the test.

Lots and lots of bulb planting stock ads, both to sell and buy; Al Sarver soliciting work for his cat; Edith Ott for insurance business, setting up shop in Archie Hendrick's store; Co-op wants everyone expecting juice to come in and sign up or else they won't get it—payments of membership fees, electrical wiring inspection tags and rights-of-way easements.

Jim Yelton tells C. of C. meeting might be a good idea to in-

vestigate crop diversion, especially berries.

Rained 3.40 inches, past week.

### EXPRESSION OF THANKS

The Session and members of the Brookings Presbyterian church desire to express in behalf of Mr. Edward Ravkes and family, their sincere appreciation to all individuals and groups who have contributed toward memorial windows in loving memory of Mrs. Elsa Ravkes. The response of the community is an eloquent tribute to the esteem in which Mrs. Ravkes was held. She was an active

# the most powerful truck ever built!

New GMC light duties with 206 h.p. and new styling advances  
low to no passenger car on any point of roadability

HERE, headlining GMC's 1957 Blue Chip Money-Makers, our new light duty becomes a truly phenomenal vehicle.

It has one horsepower for every 15½ pounds of its weight.

You'll be bossing around engine power usually found only in trucks rated at more than four times this truck's capacity.

You'll be getting flashing response to pedal demand—high-mileage efficiency from an unstraining engine—work capacity that won't drop off after a few months.

And you'll be very definitely in pocket, too. THIS light-duty engine cannot be overtaxed in normal use. So there's little chance of parts failure, no excessive wear, or repair needs due to engine strain.

If money-making power is what you want, here it is! Come in and see us for all the facts.

Two lovely three B. R. homes just like new can be had on E. Z. terms. Believe me it is cheaper than you will pay rent so let's see some of you people that have been looking for that extra good buy in a three B. R. home.

Here is a small hillside home with a wonderful view. City water, wired for electric range, has electric hot water heater. Also piped for Butane. At present heated with wood cook stove. Taxes are reasonable (no severtax). In fact taxes are just over four dollars per month. Owner will take the low down payment of \$800.00. Balance on contract at \$50.00 per month 5% interest. This is a very good deal so drop in soon as these kind don't last long.

For less than \$2,000.00 Buckaroos you can have this small house & garage plus another building with one and one half acres just outside the city limits where you can chase rabbits, shoot squirrels beat the dog or whistle in the night if you care to. This is really a bit of all right if you ask us to see this one when you look at the above.

Oh! Boy! Hold the Press. He e is a place with three acres and livable house that needs some finish. Located at Harbor. House has two B. R., living room, dining room, kitchen, wood heat, wired for electric stove and other appliances. Come in Koehler. There is an electric cook stove, refrigerator, washer, dryer & sewing machine that can be had just to take over payments. Don't forget that for only \$500.00 down will get you a four B. R. home in good location close to school. Why pay rent ? ? ? ?
