

**Rummage Sale Success**

The Ladies Auxiliary, VFW wish to thank all those who helped them in their rummage sale, both those who brought materials to sell and those who patronized it. The profits from the sale will be turned back into improvement of their meeting place.

**Letter to the Editor:**

Editor, Pilot: I would like to remind the school board, the teachers and the community for a bigger and better rummage sale along in the spring. Anyone having any sort of goods they think would make stock for the sale may contact any post or Auxiliary member.

scholars who see us percolating about, that my wife and I are paying 20 cents every day of the year to their account. Special school tax on our modest home amounted to \$72.83 out of our total tax of \$97.06. While it is true we voted "Yes" on the bond issue for new construction, we urge tightening up on other funds if not actually needed for the proper functioning of the school.

Too, we are among the smaller taxpayers and we are not on a payroll. We ask, even in a narrow, selfish way, that all those in the entire educational field, when thinking about spending money for schools that their current commitments are costing at least one elderly couple TWENTY CENTS PER DAY!

**Blood Donors Are Reported**

The nationally known Brookings-Harbor Walking Blood Bank was called on twice for donors this past week. Mrs. Iva Kruger, a surgery patient required three pints which were forthcoming from Earl Goings, Don Harroun and Jack Holmes. Then Mrs. Geraldine Costelloe was found to need more blood which was contributed by Fred Fowler and Chester Gragg.

Incidentally the VFW ladies have just turned over to Frenchie Arrell some 3,000 information cards as a summary of the activities to their program to date. Each card is headed by blood type and name of the individual followed by pertinent data which will be of use in selecting and locating donors or finding the blood type of any individual listed, altogether requiring about five entries per card or some 15,000 double checked items of information.

Typists will now transcribe several lists from these cards, the lists being placed in the hands of professional people who may have immediate use for same.

**Public See New Dodge 4 Win Thanksgiving Bird**

A new car party at C. Ed Dempsey's introduced the new 1957 Dodge. Coffee, cake, balloons and pop for the small fry were served for the two day show.

The low, wide and long sports car styling caused many favorable comments.

Dempsey was disappointed in that the Dodge Cornet model was the only new car received. Other new Dodges and Plymouths and Dodge trucks were delayed by blizzard conditions in the Rocky mountains.

Lucky winners in the turkey drawing were: Alfred Mickelsen, Alvin Sanders, Clifford Brown and Ruth Tuttle.

**Armistice Party Plans Made**

Plans for the annual informal party for all veterans and their adult kin, beginning at 8 p. m. Saturday evening, November 10 in the V.F.W. hall were completed at last night's V.F.W. and Ladies Auxiliary meetings. The evening will start with a forum on the relationships of veterans and their kin to the federal and state veterans' administrations for about an hour after which the party will develop along the usual lines.

It is requested that no children be brought as a similar party is in the offing to include children, along about Christmas time.

**Zeniers Have Car Accident**

Things happened fast for the Ted Zenier family Friday morning.

As previously reported, Ted was hospitalized briefly at Eureka. Early the above morning, Ma Zenier got out the family car and the family pooch, Fritz, and headed south, intending to pick Ted at 10 a.m. on the hospital steps and bring him home.

Down below Klamath, she, car and Fritz wound up down a canyon a piece. Mrs. Zenier clawed her way up to the pavement, pretty well brushed and scratched, and then remembered Fritz was still in the car. She had to make another trip down and get him! Somehow or other she got a ride in an ambulance to the Crescent City hospital where she phoned her daughter and son-in-law the Mendys.

Fary had to park the kids, get in their car and head for three places pick up the pooch, Pop Ted at the Eureka hospital and Mom Gladys at the Seaside. Late in the day, she got them all sorted on in their respective homes.

As a sequel, a neighbor who hadn't heard the opening chapters of the episode, happened to see Mr. and Mrs. Zenier in their car, along with the pooch, leaned in and queried Ted and Gladys as to how Fritz fared!

Unless subsequently extracted the Zenier Buick remains in the canyon.

**WINCHUCK ROAD IN POOR SHAPE**

Reports are coming in that the upper reaches of the Winchuck road are in pretty tough shape and those responsible for same not very considerate of travellers especially those with the newer, lower hung cars.

**THE NEW Pontiac is Completely New from Power to Personality!**

Fresh from 100,000 miles of testing, the '57 Pontiac is on display tomorrow! Even a brief once-over of Pontiac's sleek new lines tells you that you're in at the start of a styling revolution. And that glistening sheath conceals a carload of engineering "firsts"—all polished to watch-work perfection in the toughest test ever given a new car.

This '57 Pontiac pounded the road through 100,000 miles of tests . . . through it all Pontiac engineers refined and perfected every feature of this great car.

They made Pontiac's big, new power plant even more efficient than its predecessor, the engine that set over fifty new world records and led all eights in miles per gallon! They perfected the new suspension system, new controls and new Strato-Flight Hydra-Matic\* to give you the smoothest riding, easiest handling—and safest—new car ever to hit the road!

See and drive this new '57 Pontiac. Sample in a single mile all that's been proved by 100,000 miles of testing.

AND THE FIRST CAR AT ANY PRICE WITH . . .

**STAR FLIGHT BODY DESIGN**—a Pontiac Exclusive—longer and lower than ever before—the year's most distinctive new automotive styling.

**NEW INTERIOR STYLING**—WITH THE "OFF-THE-SHOULDER" LOOK—a fashion "first" for '57—perfectly color-matched with the exterior.

**NEW STRATO-STREAK V-8**—270 h.p. in Star Chief and Super Chief, 252 h.p. in the Chieftain—with smoother Strato-Flight Hydra-Matic.

**CLOUD-SOFT, LEVEL-LINE RIDE**—the ride sensation of the year—a new suspension system based on a big 124- or 122-inch wheelbase.

**THREE POPULAR-PRICED SERIES**—Star Chief • Super Chief • Chieftain.
