

Winchuck Group Holds Meeting

The Winchuck Extension Unit met at the home of Kay Bolin, Tuesday afternoon, November 13 at which time the project leaders Margaret Steinmetz and Thelma Pettegrew gave the demonstra-

tion on the subject, "Carried Lunches." A business meeting was held after the demonstration; the year program booklets were filled out by members; and future meetings were discussed quite thoroughly.

The first meeting of the Copper Embossing class will be held at the Kay Bolin home on Monday evening, December 3, beginning

between 6:30 and 7:00 p.m. For a small sum the project leaders will have the materials on hand for those interested in the subject to make the first picture. Kay Bolin and Beulah Keises are project leaders for this class.

On December 6, at the Grange hall, 8 p.m. all unit members are invited to attend a meeting on the subject "Christmas Decorations You Can Make." Mrs. Sylvia Lee county agent will be in charge of this meeting.

3 Hundred Attend Thanksgiving Services Monday

Over three hundred thankful hearted people gathered for the Union Thanksgiving Service last Monday evening in the high school auditorium.

Special emphasis was given by the ministers of the Brookings Ministerial Association to the reading of the Holy Bible and each one present received a Bible bookmark which contained suggested scripture reading for each day between Thanksgiving and Christmas.

The high school band and choir were featured along with the showing of the American Bible Society film, "How Our English Bible Came to Us". Rev. Walter Sadler brought to mind in his Thanksgiving message of the evening, the many things Americans have to be thankful for in this country of freedom.

Those present were happy to show the thankfulness in placing a thank offering into the plate as they left the auditorium. According to Pastor Tompkins, the secretary-treasurer of the Ministerial Association, the thank offering will go to the American Bible Society after expenses for the service have been taken out.

Good news comes from Eureka where Don Yarnell is recuperating from a spinal operation. Don had been having trouble with his back for quite a while and finally had to give in. The medicos say they caught it just in time and that Don can figure himself lucky he'll come out of it better than it's been for a long, long time.

Word comes from Dr. Francis Stump, who virtually began his practice in Brookings, that he's feeling a great deal better, following a long illness and he and Mrs. Stump are yearning to return to Del Norte county. He has been slowly recuperating at their Lynwood, California home. For many years, Dr. Stump was the only physician and surgeon in southern Curry and northern Del Norte. It will be nice to see them back.

Stanley Patterson returned the past week from Cherokee, Iowa, where he visited his mother and other relatives. He made the trek by plane.

Mrs. Evelyn Ellis, sister of Mrs. O. D. Arp, has arrived here from Washington D. C. to visit a few weeks with the Arps. Mrs. Ellis reports that this is a "beautiful little city", and she has really enjoyed the climate here.
