It isn't every person that can claim to going to the dentist when only three days old, but Ben E. infant son of Mr. and Mrs. Donald Payne made such a trip last Thursday to have a tooth pulled. This is second of their children who was born with teeth already through the gum.

Leo A. Traver arrived from Linton, North Dakota last week for an extended visit with his daughter, Mrs. Bud Rausch, and his sister, Mrs. L. G. Stafford. Traffic Death Rate Higher

There were more deaths in Oregon, due to traffic accidents in 1956 than there were the year before, according to a news release from the State Safety Commission. Last year there were 418 and in 1955 there were four less, 414.

On a county by county basis the fatalities seemed to be about equally divided, the greatest increase being in Klamath county where the '56 toll was 31 and the year before was only 19. Curry county is charged with 2 highway deaths this past year while the year before there were 5. Tillamook had no traffic fatalities in '55 but had 5 in '56. In Multnomah there were 76 killed on the highway in 1956 and 60 in 1955.
