

LUMBER MARKET CONTINUES FIRM

While the market shows some signs of a trifle more firmness, Crow's Lumber Price Index declined again in the two-week period ending May 31. Threat of a strike in British Columbia mills has given Standard and Better green Douglas Fir dimension some support, especially 2 x 10, but lower grades have shown no signs of renewed life. There has been no change in kiln-dried Douglas Fir, except that random lengths of dimension from less favored mills is weaker.

White Fir dimension from Western Pine region mills is moving in good volume, but prices have not picked up. Common grade Ponderosa Pine boards in some widths and grades are softer due to seasonal appearance of air-dried stock. Selects and shop grades are slow at all but a few mills.

Plywood sheathing continues firm at \$105 to \$108. Sanded stock is firm at \$72, but production is strong.

HARBOR NEWS

Friends have received word of the wedding of Miss Mary Diane Ginther to James R. Elder in Klamath Falls on June 1. Mrs. Elder is the daughter of Mr. and Mrs. John K. Ginther who made their home here a few years ago when he was a teacher in the local school. Since leaving here, Mr. Ginther has been teaching in Grants Pass, Paisley, and for the past couple of years, in Klamath Falls.

Vic Reynolds will be on hand to supervise the barbecue at the Azalea Festival again next Sunday, and

that is good news to everyone who will attend the barbecue.

Monday evening the barbecue committee of Speed Funari and Paul Fauerso met with Mr. and Mrs. Reynolds and laid the plans for the barbecue. Mrs. Reynolds will prepare the seasoning to be rubbed into the beef before cooking, and also the gallons of barbecue sauce used on the sandwiches with the meat. There is no use asking Vic and Elsie what their barbecue sauce recipe is, as they keep it a deep secret, but it is known that they produce wonderful barbecued meat.

Mrs. Walter Thompson and children, Betty Jean, Roger, Janet, and Carolyn returned home Monday. They left Wednesday, and after visiting relatives and spending Memorial Day in Corvallis, went to Portland before returning home.

Mrs. William Skopec left Monday for her home in Redondo, Washington after visiting her daughters, Mrs. Mary McCourt and Mrs. Mattie Keffer for a couple of weeks. Her two grandchildren, Mike and Sandra Keffer, accompanied her home to spend the summer months.

Mr. and Mrs. Gene Reiling and children spent Memorial Day here at the home of Mrs. Reiling's parents, Mr. and Mrs. Herbert Payne. Their three youngest children remained here until Saturday when the Paynes made a business trip to Grants Pass, and they took them home.

Mrs. Merle Hanscam drove over Friday from Klamath Falls, and when she returned the next day, she was accompanied by her two daughters, Sharon and Merlene, who had been staying with their grandparents, Mr. and Mrs. J. O. Knutsen until school was over.

Carroll Reekman arrived from Grants Pass Wednesday, and visited at the home of his mother, Mrs. Milton Foster, until Sunday.

Mr. and Mrs. O Lindgren returned home Monday from Medford and Toketee Falls where they spent Memorial Day and visited with relatives.

Mr. and Mrs. Joe Zumpfe returned home Friday from Merrill where they visited relatives and spent Memorial Day.

Mrs. Sy Payne arrived home Monday from a three weeks trip which took her to Los Angeles where she visited her daughter, Mrs. Agnes Hensley.

Get in the fine-car swim at the low Ford price!

There's no need to pay a "fancy price" to enjoy fine-car luxury. Ford is lowest priced* of the low-price three, yet offers values you'd expect only in cars costing far more!

To start with, you can easily pay twice the money, and not find lines that can hold a candle to Ford's for lowness, loveliness, or just plain good taste.

But step inside. That's when you'll find the real evidence of Ford's quality!

And, on the way in, note that Ford offers door checks that hold doors open in either of two positions—for easy entrance or exit. A little thing. But, in a fine car, why not? Then, inside, notice how comfortable those plush, foam-rubber seats are. They'll stay that way. And on long trips. For they're scientifically contoured over non-sag springs. Your rear-seat passengers are treated

extra kindly, too—with spring assists to help them open and close the doors—with the most leg room in Ford's field!

Fine cars are smooth—and that's another place Ford really shows its stuff!

Ford delivers its famous V-8 power smooth as a whisper. That's because only Ford takes the pains to electronically balance each engine while running under its own power. Not even the makers of the most expensive automobiles go this far to bring you super-smooth performance.

Ford rides fine-car smooth and quiet, too. You can thank the new "Inner Ford" for that. Ford, for instance, has

a swept-back front suspension that actually "rolls with the punch" of every road bump.

Ford's rear springs automatically adjust to give the right ride for every road. And Ford keeps things quiet, with the most sound insulation in its field.

Fine cars are built to stay solid. So's Ford!

Ford has the only frame in its field to make use of rugged tubular steel beams. No car at the price offers so many roof-strengthening beams. Expensive cars aren't built of thicker body steel or with sounder engineering skill. Then, of course, in Ford you can have all the power assists and other conveniences found in fine cars. And they cost far less in Ford.* Yes sir! In every feature, every part, Ford is the fine car at half the fine-car price. Come in and see!
