BYRON BRIMM ATTENDS YOUTH RANGE CAMP

Representing Curry County at this year's Youth Range Camp were Byron Brimm of Brookings, Daniel L. Colson of Port Orford, Mike Helmken of Sixes, and Mike Waterman of Fourmile. The camp was held July 29 through August 3, at the Tupper Guard Station in the Umatilla National Forest near Heppner.

Helmken placed third in the range and soil judging contest at the camp, and was a member of the section that gathered the largest number of specimens of range plants found near the camp.

A total of 58 boys from 16 eastern and southern Oregon counties attended the camp. Those attending were selected through plant identification contests in their county, or on the basis of leadership, citizenship, and love of outdoors.

Each boy at the camp received a \$25 scholarship to cover costs of attending the camp. Scholarships were provided by local sponsors in each county.

ODE TO A PARKING METER
 Oh, Brookings is a friendly town!
 I've traveled 'round, and I've not found
 A city yet where I could get a place to park
 for naught a cent!

For years now I have parked downtown
 And shopped around in this fair town,
 But never yet have I been served
 The small white slip (which I deserved!)

Oh where is there a town so rare
 Where "John Q. Law" just doesn't care
 If drivers pay or do not pay
 To park along our fair highway?
 But now a sad thing's come to pass--
 (I knew it was too good to last.)
 The changing times have come abreast,
 Now Brookings is like all the rest.

The new policeman's on the ball
 With tickets now, for one and all!
Progress has reared it's ugly head--
THE PARKING METERS MUST BE FED!

LETTER TO THE EDITOR

Gentlemen:
 We wish to acknowledge the editorial appearing in your Thursday, August 1 issue of the Brookings Harbor Pilot regarding the value of telephone service up the North Bank of the Chetco River.

We particularly appreciate the fair and intelligent manner in which this article was presented. For your information, consideration is being given to the upper Chetco area and their need for telephone service. For three years we have included it as an item in our construction budget but have not been able to justify it because the cost greatly exceeds the expected revenue return. We have previously contacted each person who has made application with us asking if they would be willing to participate in the project either by direct payment or donated labor so that the project could be expedited. Our engineers are keeping in close touch with the growth of this area in hopes that there will be enough growth to help the cost of construc-

Master Michael McKee is returning to Seattle on Saturday after spending the past month at the home of his grandparents, Mr. and Mrs. Elmer Erb.

Mrs. Mabel Maris, from the state line and Mrs. W.R. Faris of Donroven, were among the people who attended the Curry County Fair in Gold Beach on Friday.

Mrs. Kenneth Erb returned from the Eureka General hospital on Tuesday. She underwent surgery there on Saturday.

Mr. and Mrs. Carl Higby and children visited the Harold Young family over the weekend. The Higbys are from Sunnyside, Wn. Mrs. Higby is Mrs. Young's sister.

ALBERT JOY ATTENDS COLLEGE RE-UNION

Albert Joy attended a re-union of the class of 1907 last weekend at Ashland. The Southern Oregon college of Education was having the 50th anniversary of the class.

Mr. Joy was one of the faculty of that year, and the only one who attended. About 150 "youngsters" were at the re-union.

Mr. Joy taught Science there in 1907 and for several other years following.

The entire group then attended the Shakespearean Festival now in progress at Ashland.

In the meantime, we want you to know your voice has been heard and continued consideration will be given to the project. The tremendous growth in the Pacific Northwest has caused great demands for telephone service in all areas. This demand cannot be met all in one year and has made it necessary for us to weigh each project, then complete projects of most importance.

Please accept our thanks for your excellent editorial and if you need additional information we would be more than happy to answer any questions you may have. We will ask that our Division Manager, Walter Reinemer, contact you on his next visit to Brookings.

Sincerely yours,

West Coast Telephone Co.
