

RETURNS

NOTICE OF RETURN

A letter was received by Mr. and Mrs. Jim Yelton informing them that their son Bruce is due to return home from Germany after 14 months. Portions of the letter follow.

Notice of Return

Issued in solemn warning on the 11th day of Aug. 1957, to the friends, relatives and neighbors of Bruce G. Yelton.

Very soon the undersigned will once again be in your midst; dehydrated, demoralized, and demobilized, to take his place once again as a human being with freedom and justice for all, engaged in life, liberty, and the slightly belated pursuit of happiness.

In making your joyous preparations to welcome him back to society which has been his desire for the past 14 months certain things must be remembered, in other words he might be a little European, suffering from Germanitis, and must be handled with extreme care.

Show no alarm if he prefers to wear short leather pants and carry a briefcase full of wurst, beer and old bread. Don't be shocked if he yells "Wo ist der Bahnhof?", or if he drinks steinhager out of a goatskin flask. Refuse to ridicule him when he rides his bicycle down the middle of the Strasse and yells at guys driving cars. Keep cool if he pours gravy on his dessert, mixes peaches with Seagrams Seven Crown, pours cognac in

his egg nog and puts chocolate topping on his mashed potatoes. Be tolerant when he stuffs his pockets with wurst, bread and beer when he goes for a drive.

For the first few months he is home, until he is housebroken be especially watchful when he is in the company of women, particularly those in the ages between thirteen and seventy. After months of seeing beautiful women wooed by handsome men (in the movies) he may think that he is a master of the art himself.

Don't be surprised if when you call him for dinner he yells "Chow, grab your rifle and gas masks and spread out 50 yards between men."

Humor him if in his first week

he should ask for a pass, a trip ticket on the car, where is the sign out book, when the curfew ends in town, or any other foolish questions.

Don't ask him at any time if he tried or did save any money while he was in the service. This may throw him into a state of shock in which he may blabber something like: "Taxi fare, black market, craps, poker, income tax, social security, insurance, KP, dayroom fund, baby cups, binge, getting rolled, binge, being taken, Hilda, binge, inflated beer prices, and many, many more."

Keep always in mind that beneath his tanned and rugged exterior, there beats a heart of gold, the only damned thing

of value that he has left. Treat him with kindness and tolerance, and an occasional quart of schnapps, and you will be able to rehabilitate that which is now the hollow shell of the once proud civilian you once knew.

BOATING LAW IS NOW IN EFFECT IN OREGON

A new state law, pertaining to the governing and regulations on all types of small boats, of less than 26 feet in length.

A copy of the new regulations is available at the Pilot office.
