

Mr. and Mrs. Gene Allison had as guests this past week Gene's sister, Mrs. Ben Hauk, of West Linn, Ore. and two children, Becky and Terry, and Gene's mother, Mrs. Byron Allison of Oregon City, Ore. They came on Sunday and left on Wednesday.

Mr. Louis Krisak, a maintenance man for the U.S. Weather Bureau installed a new cable on the wind indicator at the Brookings station of the U.S. Weather Bureau last Saturday. This was necessitated by partial destruction of the old cable by parties unaware of the importance of the cable.

### Harbor NEWS

Mr. and Mrs. Lyle Dill enjoyed a several days visit from Mr. Dill's parents, Mr. and Mrs. B. B. Dill who came here from Florida.

Mr. and Mrs. William Foltz visited at the home of Mr. and Mrs. H. Felipe while on their way from their southern California home on a vacation trip to Vancouver. The Foltz' are well known former residents.

Howard Wallace returned home last week from Portland where he visited and did some ceramic tile work.

Mr. and Mrs. Edwin (Sonny) Chapman and two children returned home Friday from a two weeks trip to Farmington, New Mexico where they visited Mr. Chapman's family. They report that Farmington is a booming town due to being in the uranium mining country.

Ernest Foster left Tuesday for Medford and then planned to go on from there to Athena, near Pendleton to work in a stud mill being operated there by Glen McKay and his son.

Mr. and Mrs. Ferdie Steinmetz and five children and Mr. and Mrs. Gary Wimberly and five children, and Diana, Sharor and Alan Bowlin went to Crater Lake on a camping trip this weekend, and arrived home on Sunday night.

### LETTER TO THE EDITOR...

LETTER TO EDITOR:  
This committee is happy to report the following items. In the last year we have paid off debts against the building down to \$642.12. Principal amounts due are Roy Weideman, \$440, 51. Kerr Hdw. \$123.62 and Brookings Machine Shop \$77.96.

The balance in bank is \$121.95 which is on hand for nails and to pay lights, water, etc.

All plumbing is in, and fixtures are on hand to be put in as soon as the rooms are sealed in with plywood. We have six rooms to seal in--kitchen, offices, lavatories, lockers, and cloakroom. Fixtures and plywood on hand is all paid for. All is needed right now is volunteer help in nailing the plywood up.

This building is for use by the Girl and Boy Scouts of Brookings, and Harbor. According to the deed to land by Mr. Ward King, the building can be used ONLY by Boy and Girl Scouts (and of course, all Scouting Committees too).

Now, for past eight years Sponsoring organizations have tried to build this building. All money, materials and labor has been made possible by these Brookings-Harbor clubs, with there projects, calling on general public help. All this has been done with one idea in mind--a meeting place for all Brookings Harbor Girl and Boy Scouts.

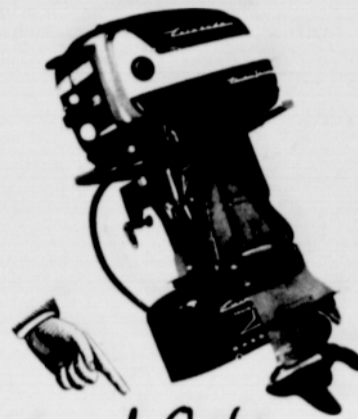

More money, materials, labor plus more public support is needed to finish this building for local Scout use. This committee, made up of members of all organizations, wish to thank all for the support on this project so far.

Any questions, or donations of anything please feel free to call on any member of this committee or call Mike Page, Phone 4782.
