GRANDMA METZGUS TO CELEBRATE NINETY FIRST BIRTHDAY

Grandma Metzgus will be 91 years old, come the 17th of this month. She's staying at the home of her daughter, Elma (Mrs. Otto) Ismert, at Pistol River, and has lived in that neighborhood since long before most people came there. Oldsters and new-comers alike have found her one of the best of neighbors and although she's now quite house-bound she doesn't lack for appreciative company and really enjoys her well earned respite for she is really Grandma to twenty-two of her own kin, "Great Grandma" to forty two more, and similarly related, through adoption to not only the folks of central Curry, but many, many more.

One granddaughter, Mrs. Price Guthrie, and her family are in Paris where Capt. Guthrie is stationed with the U.S. Air Force, and then there's another grandson, Eugene (Ismert) on Okinawa, so Grandma's recollections of just her own kin spread quite all about the world.

Mrs. Metzgus was born in Iowa, and was 14 years old when the family crossed out to make their home in Napa Valley, Calif. After her marriage to Gus Metzgus, Sr., they lived where ever work offered, in Seattle, in San Francisco, and other towns, finally settling on a homestead between

Pistol River and Hunters Creek where the family grew into maturity.

After the family had scattered and her husband had passed on, Grandma was welcomed into the home of her daughter, down on the south bank of Pistol River, and there she has continued to grow and grow into the community.

Although she has sort of out-grown her physical independence she hasn't in the least, had any trouble with her mental activities, and so she's looking forward to more than just an ordinary 91st birthday, kind of tagging along the multitude of relatives and friends who really expect she'll be with them to celebrate a few more natal anniversaries.

STAR OF SEA HAS PICNIC

The parishioners of the Star of the Sea church held their annual church picnic Sunday afternoon at the LeRoy Bowlin ranch, six miles up the Winchuck river.

It was a pot luck picnic, and swimming and games were enjoyed by those in attendance.

Twenty miles-per-hour designated speeds are again in effect in school zones.

Laura Wilson

Laura Wilson began her work at the office in 1941, when it was the Curry Abstract Company. In her years with the company she has done just about everything there is to be done in the office but she now specializes in bookkeeping, shorthand and typing.

Laura is a native of Gold Beach and finds title work much to her liking. She says that it's a worthwhile occupation to help people avoid difficulties. Titles are getting a little better around here according to Laura, and she is working to make them better yet.

An Insured Title Is A Safe Title
