

Mr. and Mrs. Mack Rhodes, and Mr. and Mrs. R. Craven, all of Bear Lake, California, spent the weekend in and around Brookings. This is their second trip here, and they enjoy it more each time.

Dick Erb got his buck Wednesday morning just a few miles north of Brookings, not far from the beach. The buck was a nice one, weighing in the neighborhood of 130 pounds.

STATE PARKS ARE READIED FOR WINTER

Harris Beach and Azalea State parks, under the direction of Frank D. Stiles are being readied for winter.

Mr. Stiles said he is constantly being reminded of evidences of vandalism in the State Parks by young people that evidently have not had good fundamental training at home.

He estimates that forty to fifty dollars a month of the taxpayers money is used to work to correct the results of vandalism.

Mr. Stiles and his helpers have plans to make the State Parks more beautiful and convenient for the local people as well as the traveler. He comments that the local people and organizations do not use Azalea Park as much as they might for picnics and get-togethers.

Travelers, especially those from Canada, have made it known that they consider this area one of the most desirable and beautiful of any the State Parks in Oregon.

Mr. and Mrs. Cliff Lindskoug returned from Portland Tuesday evening. Mrs. Lindskoug was able to make the trip home after undergoing surgery a week ago at a Portland hospital. Her mother, Mrs. Clara Williamson, is in the Hilton Rest Home in Portland.

HARRY BIRCH GIVES TALK AT VFW MEETING

Mr. and Mrs. Harry Birch were present at the VFW joint meeting of Post 966, and the Auxiliary.

Mrs. Harry (Lela) Birch told of the success of the national encampment and the beautiful settings which surrounded it. She also told about the hospital activities at Camp White.

Clara Bowlin, of the local group told of the success of the Field Day at Camp White, and the fun the disabled veterans had in games planned for them. They had about 90 visitors present, and urged more people to pay a visit to those who gave so much for the cause.

Mayor Fell Campbell was there to answer any questions concerning the \$100,000 bond issue for

the construction of a disposal plant, and everyone seemed to be agreeable with his ideas.

Harry Birch, Dept. Commander of the State of Oregon told of the success of the National Encampment at Miami Beach, Fla. and said that there were 35,000 members present.

Birch was back to Eaton Rapids Michigan to dedicate the Oregon Cottage for which M.S. Brainard of the local group wrote the dedication speech.

Birch says the Oregon cottage is a wonderful little cottage and that six children now reside there. There are 188 children in the home at Eaton Rapids.

Last but not least he spoke on the Objectives for which the VFW was formed. First-- to insure National Security through maximum Military strength. 2-- to speed the rehabilitation of the Nation's disabled and needy veterans. 3.--To assist the widows and orphans and dependents of our disabled and needy veterans. 4-- to promote Americanism through Education in patriotism and constructive service to the communities in which we live. And if you are eligible to subscribe to these objectives--don't put it off.

LETTER TO THE EDITOR...

I note that in reported the last council meeting you state the library board appeared to ask for landscaping funds for the Chetoc Community Library. This should have been that the Azalea Garden, club and the Library Association are furthering a scheme for landscaping the grounds pending an assurance, by the City of Brookings, owners of the property, that should they do this landscaping the city will undertake to see that it is cared for.

This is quite a reasonable request as the project of landscaping itself, will be at no expense to the taxpayers, will enhance the attractiveness of the area, and there is a possibility that such care as is required may, in part be taken up as a project for those being entertained under the care of Chief of Police Bud Cross. M. S. Brainard, Board of Trustees.
