BILLIONS OF DOLLARS BEING SPENT BY MOTORISTS

Motorists of the nation spend the staggering sum of over Five Billion Dollars annually with service stations and repair shops, according to F. C. Stettler, Treasurer of the Oregon State Motor Association for the past 10 years, which is affiliated with the American Automobile Association.

Mr. Stettler bases his statement on figures furnished by the Research Department of the A. A. A. showing that in 1927 more than five and a quarter billion dollars was spent with service stations and repair shops by car owners. This gigantic sum, was divided as follows:

Parts and service supplies, \$950,000,000

Tires for replacement, \$925,000,000

Fuels and Lubricants, \$2,350,000,000

Service labor \$1,092,000,000

In 1919 the total amount was \$2,125,000,000 while in 1926 it reached the sum of \$4,815,000,000.

The large amount of money spent in this way, does not include the sum chargeable to depreciation and garaging.

Mr. Stettler declared that every repair shop in the United States has an average clientele of 261 motor cars. This statement is based on the 1927 motor vehicle registrations and a total of 89,955 service stations and repair shops.

STRIKING EXCERPTS FROM SENATOR ROBINSON'S SPEECH OF ACCEPTANCE.

"The leaders on both sides must display a sense of justice and fairness by refusing to become the beneficiaries of political influences and processes which they themselves are unwilling to employ."

"Numerous political serpents are hissing in the dark. . . . Sound public policy encourages full, frank and fearless discussion of issues and records."

"The spokesman of a party has the duty to tell the whole truth, He proves himself unworthy if he knowingly accepts advantage from falsehood even though not uttered or inspired by himself."

"The Republican party is either incapable of successfully dealing with the (agricultural) question or has deliberately violated its express promises to the farmers of the nation."

"If a more equitable and effective plan than that comprised by the equalization fee is discovered, it should be adopted."

Governor Smith's statement "is an unqualified acceptance of the obligation to enforce the law to the best of his ability."

Republican Editor Assails G. O. P. In Reply to Letter Asking Support

WASHINGTON.—The attitude of the intelligent Western farmer who has studied the causes of his present predicament, and who realizes what a continuance of the Coolidge policies would mean to him, is strikingly set forth in a letter received by Herbert N. Strause, of the Republican Business Men, Inc., from Willis A. Wells, Republican editor of the Webster (S. Dak.) Journal.

The South Dakota editor had been asked by Mr. Strause to support Herbert Hoover and to send a reply which could be published. Here is the reply:

"You request that I join the Republican Business Men, Inc., of your city, in promoting the election of Mr. Hoover upon the sole ground that he will carry out the Coolidge policies. Your plea leaves me as cold as the ice fields of a polar sea.

"As a Republican I enthusiastically decline to do any such fool thing. I am for Hoover just about as far as you can throw our party elephant by the pin feathers with your arm broken in four places.

"Out in the West, where men are mortgaged up to the eyebrows and

the farm work begins at sunrise, we are so opposed to a continuance of the Coolidge policies that if I wrote you what I think it wouldn't look good in print, and so I shall modify my expressions.

"Under the Coolidge policies, which Mr. Hoover is pledged to continue, we have had more farm bankruptcies and more rural distress than has existed since our pioneers came West in covered wagons and conquered the prairies.

"You really have no realization of what these Coolidge policies have done to a great and flourishing agricultural section of the country.

"Farm lands have depreciated \$30,000,000,000 in value. Fifty thousand business men have gone broke. Four thousand rural banks have failed.

"While Coolidge was President, Congress, representing the people, passed farm relief bills twice and twice the man higher up vetoed them. That is the paramount Coolidge policy. We have been fooled, twice. Don't think, my Wall St. friend, you can do it again.

"With kindest personal regards, you are at liberty to publish this and to the devil."

Every bank is entitled to a profit on its business turnover the same as a merchant or any other business. Therefore every bank depositor should maintain a balance that will insure the bank a profit on his account.
