WRITERS TRAVEL NOTES

visited many relatives in their former homes and had a most enjoyable trip.

Several new structures are being erected at DeLake. These fine homes will be ready for occupancy soon and their happy owners will have the use of their beach homes during this season.

Bids for the erection of the new Union Grade School to be built at DeLake this summer, were opened Tuesday. These bids were all rejected because of the fact that the cost for erecting the building on the plans submitted, was too high. New bids will be advertised for next week. The building committee will have other plans drawn, changing the original size of the building, so that its erection costs will come within the bounds of the money that has been appropriated for this structure. But the building will be erected this summer and will be ready for use during the coming school year.

New Grand Ronde is a scene of busy activity these days. It is the shipping center of a number of mills, and much timber is being shipped from that point. It is also center of considerable road activity. The crews of roadmen with their structural machinery, are gathering for work on the Salmon River cut-off and soon much activity will be carried out from this center. New Grand Ronde has a very promising future.

Never has there been a time when the general crop outlook was better all along our highway than it is this year. The hay crop, especially, promises to be very heavy. The fine rains of the past two weeks, are truly making the crops for this year. Fruit is looking good as is also small vegetables. The pasture is excellent, which assures a copious flow of milk from our great herds of cattle.

Work of construction on the new Union Oil Company distributing station on the corner across from the Coast Highway Garage, was started this week.

Mrs. Barry, of Grand Ronde, mother of J. C. Barry, cashier of the Grand Ronde bank, is seriously ill with heart failure. Her many friends extend sincere hopes that she may soon recover.

Willamina was defeated in the ball game Sunday to the tune of 23 to 11. The game was good and much enjoyed by those in attendance. Another game will be played on the home field Sunday when Willamina will meet the Fleschner & Mayer team of Portland. Come out and help boost.

La Grand—New Eastern Oregon Normal school will soon be dedicated.

Bend—State Highway Commission awarded contract for trestle on Roosevelt Highway over Central Oregon canal here.

State Highway Commission will construct maintenance equipment storage building at Paisley.

Approximately \$30,000 will be expended on highway from Ashland to Lake o' The Woods.

Chinese Food in Cans

"MEBBESO you catchum Chinese dinner." It's a good suggestion, affords variety to your menu, and is easy to carry out now that you can get so many authentic Chinese foods in cans. With the essential bean sprouts, bamboo shoots, water chestnuts, chow mein noodles and other Oriental ingredients now available in canned form, it's no trick at all to furnish your family with a new and appetizing sort of meal.

A Delicious Soup

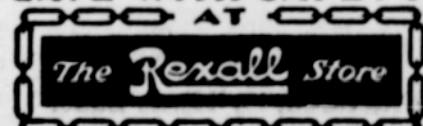

Suppose you start with soup. Chinese mushroom soup is delicious. Heat one tablespoon cooking oil in a skillet, add one tablespoon lemon juice, half of a four ounce can of mushrooms, thinly sliced, and two tablespoons minced parsley, and sauté five min-

utes. Add two cans bouillon, one and one-half cups water, the liquor from the mushrooms, one tablespoon soy sauce, and heat. This will give you enough soup for four.

Lobster Oriental

Heat two tablespoons oil in a skillet and add one-half teaspoon salt, a few grains of cayenne and two tablespoons lemon juice. Slice three-fourths of a cup of canned Bamboo Shoots very thin and add. Remove tendons from the contents of one six-ounce can of lobster, cut in large pieces and add. Sauté for five minutes, then serve. This, too, serves four. Pork chop suey and Oriental salad would make a good ending to this substantial meal. Try it. "Mebbeso you catchum smile!"

SAVE WITH SAFETY

For Baby's Comfort

Tiny-Tot Toilet Powder 25c

Your baby need never have diaper rash or chafes if you have Tiny-Tot Toilet Powder handy. This powder is made of boric acid, zinc stearate and pure Italian Talc. It's the best that science can make. The best is none too good for your baby.

The innovation of all-steel bodies is one of greatest steps forward in automobile development in recent years. Already millions of cars are so equipped.

The great railroad lines have scrapped their wooden passenger cars which splintered to bits in accidents, and replaced them with steel coaches. The automobile industry is doing the same thing with the result that driving safety is increased. Automobile accidents multiply as more and more cars come into use. It is therefore essential that every possible safety factor be adopted.

Roseburg—New sawmill will be constructed here in very near future.

Grants Pass—Rivoli Theater will install Vitaphone equipment at cost of \$10,000.
