

Muscular-Rheumatic Aches and Pains

DRAW them out with a "counter-irritant." Distressing muscular lumbago, soreness and stiffness—generally respond pleasantly to good old Musterole. Doctors call it a "counter-irritant," because it gets action and is not just a salve. Musterole helps bring soreness and pain to the surface, and thus gives natural relief. You can feel how its warming action penetrates and stimulates blood circulation. But do not stop with one application. Apply this soothing, cooling, healing ointment generously to the affected area **once every hour for five hours.** Used by millions for over 20 years. Recommended by many doctors and nurses.

Keep Musterole handy; jars and tubes. To Mothers—Musterole is also made in milder form for babies and small children. Ask for Children's Musterole.

FRECKLES Go Quickly...

From the time you make the first application they begin to fade like MAGIC. At all drug and dept. stores or by mail postpaid \$1.25 and 66c. A copy of Beauty Secrets FREE. DR. C. H. BERRY CO. 2973-S Michigan Ave. Chicago

For the Average Girl

E. Barry Wall said at a Deauville dinner:

"There used to be a proverb about girls—'The more they take off, the more they get on.' But girls are now taking off too much. The average girl isn't a Clara Bow, and when she sprawls on a beach in a one-piece bathing suit, barefooted—well, that proverb doesn't seem to hit her off. 'What hits her off is the answer of the zoo keeper."

"A lady said to him: 'That rhinoceros is a male, I suppose?'"

"And the keeper answered: 'No, ma'am; it belongs to the fair sex.'"

FOR COLDS—ALKALINIZE YOUR SYSTEM

Doctors everywhere are prescribing this new treatment for colds: Begin when you feel a cold coming. Take a tablespoonful of Phillips' Milk of Magnesia, morning, noon and night, the first day. Do the same second day. Then only at night. Colds reduce the alkalinity of your system. That's what makes you feel achy, feverish, weak, half-sick. Phillips' Milk of Magnesia is alkali in harmless, palatable form. It checks the symptoms of colds by restoring the alkalinity of your system. Relieves sour stomach, indigestion, gas, over-acidity. All drugstores.

Always Chance for Accident

"I'm afraid of my wife," the timid citizen complained to his lawyer. "Why, she's even threatened to attack me with an ax."

"Huh! Why worry? Did you ever see a woman try to chop a stick of wood?"—Portland Express.

For a Sandwich

Judge—Why did you steal that \$50,000?
Accused—I was so hungry.

Mr. and Mrs. C. H. Parker are the sponsors of a somewhat unique nursery at their farm near Monmouth, where 12 little white pigs, bottle-fed for four weeks, are squealing happily. A litter of 18 was farrowed by the mother pig. Six of the pigs left when the mother died. The remaining 12 were brought up "on the bottle," receiving scheduled feedings every two hours the first week.

One or more hens in a White Leghorn flock owned by William Bachelor of London are determined to keep Cottage Grove biddies in the lead as performers of unusual stunts. These hens are making a specialty of triple-yolked eggs. How many they have produced is not known, as the freak eggs are to all appearances the same as single-yolked eggs produced by the same flock, but a number of eggs used by the family have had three yolks.

A case of "mirror eyes" has been brought to light in examination of Harry Franson, 6-year-old son of Mr. and Mrs. Dan Franson of Kentuck inlet, near Marshfield. When he entered school this fall his teacher, J. F. Burkhart, noticed he made his numerals and letters the reverse of what they should be. He will be kept out of school for a year and given a course of treatment prescribed by a physician. Cases of this kind are said to be rare.

For the first time in many months Tillamook county was crowded out for honors in average butterfat production of herds in the Herd Improvement association, according to the monthly report just made by R. W. Morse, extension dairyman. The Pine-Eagle association in Baker county, with a record average production of 39.11 pounds of fat per cow, had the high average for the month, and a member of this association had the high producing individual cow for the month.

Combine Billiards and Golf
"Snooker golf" is the name of the latest variation of the miniature course game, and it combines some of the features of both billiards and golf.

The course is laid out like the conventional billiard table, with concrete edges on the lawn corresponding to the edges of the table, and the usual number of pockets or holes about the sides. Sixteen balls are used, being racked in a triangle and broken at the start of play, as in pool. The cue is the putter and the cue ball is an ordinary golf ball.—Popular Mechanics Magazine.

A Real Knife

In a large advertisement in another column of this paper the Remington Arms Company, manufacturers of the famous Remington arms and ammunition, announce a new one dollar knife. Your local dealer probably carries it. If not, send his name and one dollar to Remington Cutlery Works, 951 Barnum Avenue, Bridgeport, Connecticut, and knife will be forwarded to you. A perfect Christmas present for a husband or son.—Advertisement.

Foreign Ground

Betty Jean was playing in a neighbor's yard when a woman called to her from the street:

"Don't you know you're stepping all over those flowers?"

"Oh, that's all right," replied Betty Jean. "I don't live here."

It often seems as if a man has to be fifty years old before it is safe for him to inherit money.

Castoria... for CHILDREN'S ailments

ARE you prepared to render first aid and quick comfort the moment your youngster has an upset of any sort? Could you do the right thing—immediately—though the emergency came without warning—perhaps tonight? Castoria is a mother's standby at such times. There is nothing like it in emergencies, and nothing better for everyday use. For a sudden attack of colic, or for the gentle relief of constipation; to allay a feverish spell, or to soothe a fretful baby that can't sleep. This pure vegetable preparation is always ready to ease an ailing youngster. It is just as harmless as the recipe on the wrapper reads. If you see Chas. H. Fletcher's signature, it is genuine.

Castoria. It is harmless to the smallest infant; doctors will tell you so.

You can tell from the formula on the wrapper how mild it is, and how good for little systems. But continue with Castoria until a child is grown.
