All Wet

He's Well Red
"Have you read 'Freckles,' Mr. Johnson?"
"No, ma'am," he stammered, blushing; "mine are the brown kind."

At Sea?
Neighbor—Well, and is your son getting well grounded in school?
Father—Well grounded? Why, he's actually stranded.

AFFECTIONATE

"Do you mean to say that your father-in-law invited you to visit him?"
"Same thing. When I suggested it over the telephone he told me to come if I dared."

PIFFLE!

"How romantic is to making love on this wedding ring."

Intellectual Arrogance
"Do you want your boy Josh to study the classics?"
"I'm not particular," answered Farmer Cornstossel. "Maybe it'd be a little more cheerful for the family if there were a few things left that Josh couldn't pretend he knew all about."

Wonders of Travel
Castle Guide—This is the moat. Has anyone a question?
Tourist—You can't make me believe that, feller. How could you get a thing like that in your eye?

Honorable

A kindly old lady, meeting a beggar, offered him a penny. The beggar eyed it disdainfully.
"Ma'am," he began, "did ye read in de papers about a beggar what died and left £50,000 to a lady who'd given him a shilling?"
"I seem to remember something of the sort," replied the old lady "but—"
"Well, that fellow was me brother That's de kind of family we are!"

HARD STUDY

"I suppose football broke down your son?"
"No, indeed, the doctor said what gave him nervous prostration was trying to get his lessons between games."

CHAIR BACK AND ARM REST DESIGN

By GRANDMOTHER CLARK

"Tulip" Chair Back and Arm Rests; Three-Piece Set in Filet Crochet.

Chair backs and arm rests in crochet have been used for generations and are today again very popular for practical and decorative purposes.

How much more inviting is a chair that has this added personal touch and in a design that stands out clearly on a dark background.

This set in a conventional tulip design is easy work even for the inexperienced. The large filet stitch being used makes the work interesting, and a surprisingly short time is required to finish the set. It is an attractive addition to your living room or a valued gift for a friend.

The chair back measures 10 by 14 inches, the arm rests 6 by 10 inches if crocheted with a fairly tight stitch.

A looser stitch will produce a larger size. This package, No. 705, contains sufficient cream-colored Mountain Craft Crochet Cotton to complete this three-piece set, also crochet hook. Instructions are included, also a black and white diagram of the design so the meshes may be easily counted.

Write our crochet department, enclosing 40 cents for this complete package, No. 705, which contains sufficient thread to make this beautiful set, or send 10 cents for the instructions and diagram only.

Millions of Cars Junked

Fifteen million automobiles have been junked in the United States since 1930—and about a fifth of that number were manufactured prior to 1927. But in spite of this, there remain in use some 9,000,000 automobiles which are more than seven years old. The life of the average automobile of 1934 is estimated at eight years, as compared to an average of seven years in 1929. Since 1930 a total of about 10,200,000 new cars have been sold.

SCHOOL ACTIVITIES

The school did not willingly invade the home to find subjects for instruction. (Social and economic changes that are now taking place make the kindergarten a necessity.) It was when the home had failed to teach girls cooking, when neither father nor son could use the interesting contents of the tool-box, when families were not giving their children music appreciation, a love for good reading, or a taste for art, that the schools were forced to introduce home-making, manual training, school libraries, and those subjects and activities that for centuries the schools never tried to give nor needed to add to their curricula.—School.
