(From Andrew Smith)

Phillip Sheridan and Nash Smith, personal friends, one day decided to make a trip to the coast. Arriving there, they saw some nice Indian girls; so Sheridan picked out one for himself and Nash picked one. When Phillip showed Nash his girl, Nash said: "That's my girl you picked, let's play cards to see who wins her." Nash won. Another man asked Sheridan who won, and he said: "Nash took 'er." It was on the bank of a river and to this day the river is called the "Nashstucker" river.

CHRISTIAN SCIENCE CHURCHES

"GOD The Only Cause and Creator" was the subject of the Lesson-Sermon in all Churches of Christ, Scientist, on Sunday, June 9.

The Golden Text was, "Known unto God are all his works, from the beginning of the world" (Acts 15:18).

Among the citations which comprised the Lesson-Sermon was the following from the Bible: "For in him we live, and move, and have our being" (Acts 17:28).

The Lesson-Sermon also included the following correlative passage from the Christian Science textbook, "Science and Health with Key to the Scriptures", by Mary Baker Eddy: "The creative Principle—Life, Truth, and Love—is God. The universe reflects God. There is but one creator and one creation. This creation consists of the unfolding of spiritual ideas and their identities, which are embraced in the Infinite Mind and forever reflected. These ideas range from the infinitesimal to infinity, and the highest ideas are the sons and daughters of God" (p. 502).
