

Many Die in Zeppelin Hindenburg Explosion

This remarkable picture was made just as the giant German dirigible Hindenburg burst into flames and exploded as it was preparing to land at Lakehurst, N. J., following a flight from Germany. Ninety-eight persons aboard were plunged to earth in the flaming wreckage. Thirty-four died almost instantly and of the 64 rescued, many were horribly injured. An explosion of a gas cell in the stern was blamed for the disaster.
