Big guns of America's collegiate football war have been reconditioned and are ready for action, according to coaches from all sections. Beginning late in September, public attention will focus on an entirely different type of battlefield, the U. S. gridiron. Here the United States Military academy at Annapolis, Md., holds early season practice, with Ray Anderson, back from Pittsburgh, doing a fine bit of ball carrying.

Congress Faced With War Issues

Shall we sell weapons to belligerents?

ARMAMENTS
Shall our armed forces be increased?

PROFITEERS
How can speculation be held in check?

NORMALCY
Can food prices be kept down?

Legislation dealing with neutrality and its allied subjects will face the present special session of congress called by proclamation of President Roosevelt. Despite the chief executive's previously expressed wish that senate and house act quickly on his request for repeal of the arms embargo and then go home, attempts are being made to broaden discussion of non-emergency legislation.

Poland Again Battles for National Existence

Boundaries of Poland in 1560, after the marriage of Queen Jadwiga of Poland and King Jagello of Lithuania. Lands of the two nations were combined.

Poland began to disintegrate with the rise of power of the Teutonic knights in East Prussia. Russia began taking land when the Teutons caused internal strife.

Poland's first partition took place in 1772, when Russia, Prussia and Austria each took lands; Russia to the northwest, Prussia to the east, Austria, south.

Russia and Prussia alone shared in the second partition of Poland, which left that country with very little original territory.

The third partition, occurring in 1795, caused Poland to disappear altogether. Russia, Prussia and Austria shared the spoils.

Poland declared its right to autonomy in 1918. Shaded area shows old German boundary restored by Hitler's decree.

HOW to SEW

By RUTH WYETH SPEARS

A GREEN and white kitchen is as fresh and crisp as a lettuce leaf. I stepped into one the other day with white walls, green floor and green organdy curtains. Everything was green and white, and over the stove hung a set of patchwork pot holders like a row of bright green and white tiles. All of us love old quilt patterns. For those who do not have time to make quilts, here is a modern use for your favorite designs.

Perhaps you were put to bed as a child under this eight-pointed star? The sketch gives the dimensions for the patterns for the two triangles used in making it for the pot holder. Piece eight small squares of two triangles; then eight oblong blocks of three triangles. A layer of sheet wadding is used for padding. The backing

for the holder is white. The three layers are quilted together by sewing just inside the white triangles of the pieced top.

Have you sent for your copy of the new Sewing Book No. 3? Every homemaker will want a copy for it contains useful ideas for home decorating; as well as original ideas for things to use as gifts, and to sell at bazaars. You will be delighted with this new book. The price is only 10 cents postpaid. Send coin with name and address to Mrs. Spears, 210 S. Desplaines St., Chicago, Ill.

Voltaire Born Arouet

The great French poet, dramatist and philosopher known to the world as Voltaire, was Francois Marie Arouet, born in 1694, the son of Francois and Marie Marguerite Daumart Arouet. At the age of 24 he was imprisoned in the Bastille for writing verses that displeased the regent of France. During this imprisonment he changed his name to Arouet de Voltaire. But as time passed the "Arouet" was dropped and he became known simply as Voltaire.

Speak Your Letter

For those who dislike letter writing, Holland postal authorities have set up recording machines. You put a coin in the slot, speak into the mouthpiece and out drops a record of your message, ready wrapped. All you have to do is stamp and address the package. The "letter" is played on a phonograph.
