

GRAND RONDE

(By M. PETERSEN)

There are from 20 to 30 young men as well as middle age men working at Grand Ronde for the government building houses and fences, always hiring more when needed. Harvey Lachance started working Monday.

Arthur Mace and wife are visiting with their daughter, Virginia Lachance living in the Petersen hall. Mr. Mace is a professor of languages. Howard Scheese made his wife a present of a washing machine for Xmas.

George Dowd and son Dan of Seattle are going to live in Grand Ronde. George sees an opening for his son to become a first class farmer, like so many others are taking hold. Mr. Merznick is instructor. Whoever wants to learn cabinet and house building, he is giving lessons 3 times per week at the community hall.

The shower for Marjorie Scheese given on the 14th in spite of the storm the neighbors turned out fine. About 20 young and old ladies filled the rooms. Games were played. Petersen allowed he had to build on another room to hold them. There was about a dozen ladies who could not come on account of the storm so they made good the next day or two.

Lindsey Menard is home from the U.S. hospital at Tacoma. His sister, Mrs. Thomas Bean, is taking care of him. The New Grand Ronde mill had a breakdown which laid off men for a day or two. Our equinocturnal storm lasted 4 days. We have now rain enough to last us for 10 months. The storm was fierce; blowed down many snags, stopping travel for a spell. Sunday the sun came out quite warm. The chickens got a chance to dry their

feathers and lay another egg.

Merry Christmas and a glorious New Year to all. May you live long and prosper. New hope, new life will soon be here again. We will just harmonize for a few weeks. This rain is fine. We put our webfeet and walk while it is raining. Makes us all feel good. Time to plant some more trees. Get them from Petersen. All they cost is asking. Sauerkraut is a mighty healthy dish. Put it on your table twice a day. A sign on the Petersen bridge says, "no dumping."
