GRAND RONDE

(By M. Petersen)

Leonard Curl, whom we have known ever since he was four years old (now 36), raised at Grand Ronde, is an honest upright man who can be trusted in all his doings. Mr. and Mrs. Phillip Barnes will have their son Robert baptized in the Catholic church at Grand Ronde. He is four years old. Leo Branton, Williamson his father-in-law and brother-in-law are logging near Buel for Calligari and son. Mr. Williamson, after working three days, had his right arm

broken at the wrist. Dr. Tomlinson did the setting. Mrs. T. P. LaChance is seemingly on the way to recovery. Had a nice letter from Forrington.

Lewis Riggs, Jr., and wife with three children lives with Mr. and Mrs. Wilson Bobb to late now getting out alder timber. Congratulations to George Manning for sheriff. Grand Ronde voters like to see him at their homes. Hitler is miring deeper in mud. Lorain district in France, he wants them all to talk German. Dog meat for the rich man's table is new order. Uncle Sam can put order in Europe in 60 days; the navy can do it. Mr. and Mrs. Ed LaChance are visiting with Petersen. L. M. Petersen baked some fine bread Friday. The Ben LaChance family are visiting many friends. It is said the Weaver saw mill at New Grand Ronde can be bought at a bargain.

Now listen, folks. Your home is your castle, your school, your church, your happiness, your tranquility, your workshop. Pa and ma can raise some fine children in the home like that. Teach them to save their pennies; they will soon have a dollar. Cleanliness is next to Godliness. Children like a clean home to invite

their friends to sing together on Thanksgiving day. If we haven't a turkey, a chicken, fat goose or duck will serve as well with all the trimmings, cranberry pie. A prayer of thanks at the dinner is sure fine. Let us all remember that.

Old Fritz of Prussia was told "If you can keep Russia on your side you have no fear." God, Mussolini and the pope are in a quandry. We hope God has the say. Hitler's god has horns, whose grandmother walks with Methusalem gathering souls for Dante's inferno. Rumania is the beginning. God is with Greece, who liked the Persians at the time of one B. C.—Rome stepped in without thought. He will be glad to get home with a bent sword broken.

You don't know what you are losing if you don't plant an orchard in Grand Ronde. Andrew brothers of Salem are coming to Grand Ronde to raise stock. Do you want to know that if you are bit by a rattler, bury your member in rich garden soil; it will draw the poison out. One young man in Nebraska was bitten three times. He drank three times whiskey, all he could drink. It saved his life, but he became a mental wreck from the whiskey. People who drink too much whiskey all become mental wrecks, more or less. Too many people cannot say "No, I have plenty." A habit controls. leaves them powerless to resist till they die in their shoes.

Dewalt Hanek had his house painted and papered by L. M. He promised to bring stove wood and saw it up three weeks ago. We wonder if he is sick; that would be the only excuse. If a person has a nightmare jumping out of bed in a sleep, trying a simple remedy is for a party to let the afflicted inhale through the nose the smoke of burning dog's hair. That cures it. Oakum dipped

in very hot persons' urine will cure rheumatism, applied to the body where pain. Three days' application will cure it. My father got cured that way when I was a boy.

Very few people know that coal tar is a very healthy substance to have in a house. The smelling of tar cures a cold. The smoke of tar will cure catarrh when inhaling it through the nostrils. I saved the life of a valuable horse by tying the head, covering the head with sacks leaving the nostrils open for the smoke of tar to enter the nostrils. One application did it, cured the distemper. It cleaned the head through the nostrils. Where tar is used in chicken houses lice cannot live there.
