A FRIENDLY TIP about your

1942 Income Tax

Right now Congress is putting the final touches on income taxes that will come due in 1942. Many who have never paid one will do so for the first time. Those who have will dig down deeper than ever before.

To figure your tax requires a complete record of all income and expense. The easiest way to do this is through a checking account that tells how your money goes and to whom. The best place to keep one is in a strong bank—our bank.
