**Now Let's Deliver
The Knockout Blow**

The Fourth Loan Drive is ON. It is a time for action. A good soldier doesn't stop to ask whether the charge he is ordered to make is a good risk or whether he ought to go on this particular mission or anything else about it. He goes his very best. It is up to all of us to GO our very BEST. Nothing else will do.

In many respects this will be a little tougher than other drives in that it comes right after Christmas and after payment of some extra bills as well as taxes. But, if it takes greater effort, we have only to look toward the battlefronts in Russia, in Italy and in the Southwest Pacific. The Russians are not taking any breathing spell, neither are the boys in Italy, on the flying fronts or against the bloody Japs. So whatever of extra effort it is going to take, we will give it. We will take extra courage from our fighting men and our fighting allies. This is going to be the knockout blow. Let's give it to those criminals who have brought all this on us with everything we've got.

"Isms"

A reader sends us the following little item cataloging the "isms."—Ed.

Socialism—You have two cows. You give one to your neighbor.

Communism—You have two cows. You give both cows to the government and the government gives you part of the milk.

Fascism—You have two cows. You keep the cows, give the milk to the government and the government sells part of the milk back to you.

Nazism—You have two cows. The government shoots you and takes the cows.

New Deal—You have two cows. The government shoots one cow, milks the other and pours the milk down the sewer.

Capitalism—You have two cows. You sell one and buy a bull.—(Anon.)

FROM FARM TO FARM THIS SLOGAN IS SPREADING

This is an added answer from the farmers to Hitler and his puppets. For More than Three Years the men and women of the farm have been turning out food to help defeat the enemy.

It is true that an army travels on its stomach, but to drive home the full import of the strength of this nation and to completely defeat our enemies we need weapons, munitions and all the necessary equipment your boy and mine must have to be superior. Put EVERY dollar you can scrape up into United States War Bonds.

HELP AMERICA----SHE NEEDS YOU TODAY!
