

LOGGING ACCIDENT

continued
from page 1

anyone on the ground can do," he added.

Dethlefs, working with a Farr Brothers logging crew, was apparently moved a short distance from the scene of the accident to a nearby helicopter landing zone. Emanuel Life Flight was called and arrived on the scene, about three air miles northwest of Kaupi Lake, at 11:29 am. Vernonia Ambulance, the nearest ambulance unit, and Vernonia Fire Department Rescue team, at that point in time it was unclear whether Dethlefs was still pinned by the runaway tree or not, were the first units called and arrived within minutes of Life Flight.

Due to the extent of Dethlefs' injuries Life Flight was on the ground until 11:53 am, arriving back at Emanuel Hospital at 12:15 pm. All available medical personnel, including Vernonia crews, were kept busy stabilizing Dethlefs.

"It's the constant communication between Vernonia Rescue, Vernonia Ambulance, the loggers in the field, Emanuel Life Flight and Vernonia Control that makes a response like this possible," said one official. In addition to a tight communication network other steps are taken to ensure the fastest possible response time. In this particular instance Dale Webb met the ambulance at the junction of Kaupi Mainline and Burn Road to guide them into the accident scene. Meanwhile, local logging companies, including Crown Zellerback and Longview Fibre, were quick to provide exact aerial coordinates making as direct an approach as possible for Life Flight.
