HB 2620 called "political football"

To the Editor:

Some of the comments being made in Columbia County regarding HB 2620 (aid to impacted areas) do not square with the facts. I hate to see an issue that seriously affects people made -into a political football. Unfortunately, that may be what is happening. Some political hopefuls may be trying to create a campaign issue. It seems to me there is something dishonest about creating an issue for campaign purposes.

The thing to remember, above all, is that the Senate passed version of HB 2620 would have provided the money to aid the Mist area. If the House had concurred, the Columbia County Commission - at this very moment - would have the funds and also the legal authority to dispense them. The failure of the bill in the House was the only legislative event that prevented solution of the problem.

I call your attention to the fact that the *Clatskanie Chief* editorially endorsed the Senate amendments. All of the Senate amendments were proposed by Columbia County people. None were invented in Salem. As Gail Steele stated in his editorial, "...some compromises (must be made) between the warring factions over the matter in the county." That's what the Senate amendments did, provide a compromise.

Those are the facts. They cannot be denied. Anything else being said is just so much smoke, so much campaign fodder. Don't be deceived.
