CSD open house scheduled set

The Columbia Branch Office of Children Services Division will hold an "Open House" in its new location at 202 Sykes Road, St. Helens on November 6 from 10 am to 4 pm. The public and professionals from all agencies in the county are invited to attend.

CSD, which had been co-located with Adult and Family Services Division at 105 S. 3rd St. in St. Helens since its inception as a separate agency in 1971, moved into its new facilities, which formerly housed the Oregon Employment Division at 202 Sykes Road, on October 1.

Also to be observed on November 6, in connection with the open house, will be the 10th Anniversary of CSD as a separate agency within the Department of Human Resources. The anniversary celebration, which was observed throughout the State by most CSD offices in July, was delayed because of the impending move of the Columbia Branch Office.

The special guest for the Open House will be R. Karen Roach, Administrator of the Oregon Children's Services Division in

Salem. Ms. Roach became Administrator of CSD earlier this

FREE COOKING CLASSES

Homemakers in Vernonia and Banks interested in a free cooking class featuring some new ideas need look no further than a nearby parking lot. Portland Community College's Consumer Education Mobile Classroom will be teaching convenient classes.

The PCC mobile van will be in the parking lot of the Vernonia School Administration Building on Thursday mornings for eight weeks, beginning Thursday, October 8, from 10 am to 12 noon. The classes are free.

year. She will be available to meet those interested in the programs and services provided by CSD to the community and to answer questions about the agency from 10 to 12.

Seniors need papers

The Senior Center needs your old newspapers.

You can drop them off, preferably bundled, on the Center's front porch anytime.

What the others are saying,

**we've already
 demonstrated.**

- Better engine protection.
- Increased fuel economy.
- Better high-temperature performance.
- Fast sub-zero starts.
- Less oil consumption.
- A cleaner engine.
- 25,000-mile oil change.

Too good to be true? No. Because thousands of AMS/OIL users have already experienced these extraordinary performance features. AMS/OIL was first to commercially market an SAE 10W-40 synthetic engine oil to meet API Classification SE, which means AMS/OIL can be used in any car. So while the new synthetic lubricants you see today were still in the test lab, AMS/OIL was in the crankcases of cars and trucks just like yours. And when you're satisfied, that's the final test of a lubricant.

See your AMS/OIL dealer today!
