

S.T.O.W.W. QUESTIONNAIRE

STOWW has a small planning grant to develop programs which will encourage preservation, appreciation and practice of Native American cultural traditions. They also want to explore ways to encourage interaction and communication between tribal youth and their elders.

STOWW has asked us to include this questionnaire in our June Newsletter, and we will forward the returned questionnaires to STOWW. Or you may mail them direct.

CULTURAL PROGRAMS

INTEREST QUESTIONNAIRE

For young people, elders, and those in-between.

What are your interests in cultural programs?

(Either within the tribe, or larger programs that might involve several tribes)

We are asking you to respond to this survey, to let us know in what areas our planning should concentrate.

Please check the areas that interest you most.

#1 would be what areas you felt were most important.
