ATTENTION!

By Jeff Williams

We are looking for Tribal Members who want to get their G.E.D. or who are interested in increasing their literacy. The Siletz Adult Education Program can assist you in completing these courses.

Also, anyone interested in increasing their job related work skills. The Adult Education Program can help you with this too.

We need your help in completing a needs assessment of our Tribal Members in each of the three areas. It would help us greatly if each household would complete this form and send it to your area office. This matter is urgent so don't put this up somewhere and forget it. We need accurate information so that we can budget for it. Thank you.
