**ARE YOU:** Native American or Alaskan Native?  
Between the ages of 14 to 21?  
Living in the Tribal eight county service area?  
Looking for work this summer?

The Siletz JTPA Program will begin taking applications for the Summer Youth Employment Program (SYEP) on June 3, 1985 in the Salem, Springfield and Siletz area offices.

The SYEP Program will run from July 15, 1985 through August 30, 1985, and lucky eligible participants will work six (6) hours a day for \$3.35 per hour. The Counselors in each area will develop Work Experience positions that meet the needs and interests of the participants.

If you are interested in this program, please come into the area office nearest you to apply. There are only four positions scheduled for each of the three Tribal areas. Applicants under 18 must have a work permit from the State of Oregon, and their parent or guardian must sign the application. All participants must be eligible for JTPA, which means that we must also document household income if you live at home.

Come into the area office and talk to a Counselor about this possibility for the coming summer.

## JTPA News

Employment Counselors in the Siletz, Salem and Springfield offices are now looking for JTPA participants for the new Program Year which will begin on July 1st.

The Confederated Tribes of Siletz Job Training partnership Act (JTPA) has replaced the old CETA Program, and serves all Native Americans and Alaskan Natives in the Tribe's eight county service area. On-the-Job-Training, Work Experience and Classroom Training for participants needing GEDs or vocational training are available.

The Employment Counselor must document your household income to see if you are eligible for the Program, but eligibility requirements are different from other social or Tribal Programs. The Counselor will help you with all of the necessary paperwork.
