

Continued from pg 3

to continue the elder programs and the projects for the youth for they are our past and future.

I am proud to be considered as a candidate in this years elections. I believe in the integrity of our tribe and would work to preserve that in your behalf.

I would like to thank the many friends and relatives who have encouraged me and given their love and support thus far.

I look forward to seeing you at the Candidates Fairs!

Sincerely
Jessie Davis

MARY S. VILES

My name is Mary S. Viles and I was born and raised in Toledo, OR. My family-tribal history goes back a long way -- my Mother, Ada Carson Service was on Council before Termination and I would like to follow my Mother's footsteps by taking part in Tribal Government. Presently I am Chairman for the Cultural Committee and I serve as an Associate Judge when called upon. But I would like to have more involvement in Tribal Affairs. I have great faith in the Tribe. I want the Tribe to succeed as a profitable business; as a tribal member I want to share in that success. As a Tribal Council member I would look at all sides of each issue and question how the Tribe will be affected now and in the future. My decisions as a Council member would be those that would be for all the Tribal Members.

There are two groups that I would support in most things. One; Tribal Elders for they are the past, they are the survivors and they are the teachers. Two; Tribal youth for they are Tribe's future -- we must educate and give them the know-

how to survive and to be the Tribal Government. Since Restoration we have come a long way and we can be proud of our Tribe, but we must keep improving, doing things, helping our Tribal member and to be independent. The limits that we have are the limits that we as a Tribe set for our Tribe.

Please take part in Tribal Affairs and I hope to see you at our Area Candidates Fairs. Remember to vote in your area, by absentee ballot, or at the General council Meeting on February 4, 1989.

EMANUEL RILATOS

It was an honor to be appointed to serve on Tribal Council. Then along with the honor came the decision making, listening to tribal members concerns, a lot of hard work, and the knowledge gained along the way.

As I am retired I have the time it takes to devote to the affairs of the Council.

During the time I've spent on Council I have participated in the implementation of several worthwhile projects. These projects such as; the housing development of (39) homes being built at present and (15) additional homes to be built in the very near future.

The \$5,000 death benefit for all qualified tribal members. The land acquisition bill. These projects are progress for tribal members.

I am JTPA Council Representative which includes offices in Springfield, Salem, Portland, and Siletz. In July 1988 the opening of the Portland Office, director and staff to serve 3 additional counties Multnomah, Clackamas, and Washington. I'd like to commend the JTPA staff in all these areas for a job well done.

I serve on the Hiring Adhoc Committee. I have served 5 years on the Timber Committee. Many changes have developed during this time. Stumpage sales, road building, logging, marketing, the reforestation program of our logged off lands which is up to Oregon reforestation rules, regulation, and specification.

To paraphrase J.F. Kennedy "Ask what I can do for the tribe". Being on Council I feel is what I can do for the tribe.

The tribe has done many many things for my family. I also would like to state I have empathy for those not living in a service area. I am proud of them for making it. I'd like to continue on Council to work on what can be done to help those in this situation.

At present there are several important projects as an advance stage. I'd like to continue on Council to see these completed. If anyone has any concerns please feel free to call me at home.

Emanuel Rilatos

DOUGLAS P. BROWN

Dear Tribal Members:

My name is Douglas P. Brown. I am running for council this year. I served two terms before on the Council, so I am a little experienced. I would like to see a big turn out this year for elections. Even if you do not vote for me, I urge you to get out and vote. That is one of the few privileges you have, so please get out and exercise your right to vote.

Thank you,
Douglas P. Brown
