

RANDY FISHER WINS AWARDS

Randy Fisher, Siletz Tribal Member, won several awards at the Spring Sports Banquet held recently at Toledo High School. He was selected as a Valco League All-Star in golf and also received the "Most Valuable Player" trophy on the Toledo Golf Team. Randy is an avid golfer and currently plans to continue toward a golfing career.

He also received two certificates for outstanding achievement as an outstanding student in U.S. History and Drama at a school assembly.

The week of June 8-16 Randy was one of the 550 high school junior boys attending Boy's State at the University of Oregon in Eugene. The rigid agenda was training in citizenship and government functions. City, county and state governments were formed, with elected officials. Issues were discussed and laws presented for a vote. Randy was elected as a lobbyist for his hypothetical state government. Typical dorm life and cafeteria food for the week was sponsored by the American Legion.

Randy will be a senior at Toledo High School this fall. He has pre-selected advanced classes and has been accepted in the school's Scholars Program. Also, he will continue as a peer counselor for several of the county schools.

This summer he plans to spend a few weeks working for the Athletic Department of a Washington State Tribe and to golf a few courses in that state before returning for football practice in late August.
