FROM THE EDITOR:

A short salute to the JTPA (Job Training Partnership Act) program is long overdue from this office. Over the past five years we've averaged 3-5 JTPA workers per year trained in this office. They've been a source of inspiration and I'm proud to say several have become full time employees with the Tribe.

My hat's off to the JTPA program and the success rate it has achieved. This program has helped many people and many Newsletters have been sent out by their helping hands

Thanks to Violet and Tamara for their efforts on the past several issues, and to the many other JTPA clients who have worked with me over the years.
