

**COMMUNITY SUPPORT GROWS:**

We are fortunate that community support appears to be growing. On January 19th, the Lincoln City Chamber of Commerce hosted a reception for the Tribal Council at the Shilo Inn, to welcome the Tribe to the community and to demonstrate it's support for the Tribe's planned gaming and convention center.

The small, hard core group calling itself the Anti-Casino Association continues to try to block the Tribe's efforts. We are confident, however, that we are on sound legal footing and we are receiving increasing community support for our project. We are moving forward full speed with our plans.

I would like to call your attention to a few sample letters included in the Chairman's Report which show community support for our project.

**RECRUITMENT OF PERSONNEL CONTINUES:**

Anyone interested in a position with the temporary or permanent gaming center is urged to contact any of the area offices for an application. For assistance, contact Mike Fisher at the Central Office at 1-800-922-1399 or (503) 444-2532.

**COMMUNITY AND TRIBAL SUPPORT ACKNOWLEDGED:**

In addition to support by the citizens of Lincoln City, we again want to acknowledge the support and encouragement we have gotten from our own Tribal members during our difficult struggle for a gaming center.

The Chinook Winds Gaming and Convention Center will soon be a reality - a center that we can all be proud of, the revenues from which the Tribe and all our members will benefit!
