YOUTH WORKERS

Danielle Payne

Angeline Easter

Chuvonne Williams

Westman Mathews & Felicia Edenfield

To JOM and JTPA:

I just wanted to let you know how much I appreciate all your help. The way you gals found jobs for all the kids was just phenomenal.

It's really great how you have helped guide and mold the future for the younger generation.

I know my daughter is having fun learning new job skills as well as meeting other tribal members (thanks Accounting).

Special thanks to Terry Persson for going the extra mile. It's nice having someone working for the Tribe that really cares about kids!

Thanks to Linda Rilatos too.
