

## CHAPTER No. 6—EUGENE

Officers for the coming year were elected. The members by unanimous vote, reelected the officers who served so well last year. (Our By-laws limit this privilege to two consecutive years.)

Much has been accomplished during the past year, under the able leadership of President Toole. The membership has been more than doubled; a book of By-laws was published; a delegate and other representatives attended the General Council meeting at Salem, and resolutions were presented which fostered programs for the benefit of the members; assisted one of our member's family after he was accidentally killed; set up a working fund for Welfare purposes; held a picnic last summer and two dances this past winter; and the fellow workers have become better acquainted at the meetings which have been interesting and worth while.

These things have been accomplished because our Officers and all members have taken a personal active interest in the chapter.

Frank Hall has transferred his membership from the Roseburg Chapter to this chapter.

Other new members are: Geo. E. Delyria, Henry Stelljes, Willie B. Weeks, Robert G. Cesney and B. H. Neel.

Virgil Brown has joined the Army.

Sam Taylor has transferred to Alkali Lake and will serve as Section Foreman.

A. O. McIrvin has gone to Ashland.

Ernie Umphlette and his crew are in charge of the construction job between Halsey and Harrisburg.

## CHAPTER No. 8—ASTORIA

The last meeting of this Chapter was held at Mist, and a large attendance for the first time really learned why we now belong to this Association. This meeting was attended by our President, A. J. Ford, who explained the difference between our former association with the American Federation of State, County and Municipal Employees, and what we could expect from our present association. All those attending were satisfied with the explanation offered by President Ford, and gave rise to an enthusiastic boom for increased membership. It will not be long before we are 100% organized and we challenge other branches of the State Employees to keep pace with our stride.

The annual election was held July 12, at which time all former officers were elected with the exception of that of Secretary - Treasurer. At this time George A. Bambrick, Lewis & Clark Bridge Route No. 3, Astoria, was selected for the position.

## CHAPTER No. 9—THE DALLES

Members of The Dalles Chapter wish to express their appreciation for the excellent work done by the president, board of directors and all members connected with the putting into effect Resolution No. 3, sponsored by this chapter, and as adopted by the General Council at their last regular session. Our executive secretary will help a lot in making our organization grow.

Our last meeting was held on June 17th instead of the regular date. Twenty members were in attendance. Due to
