

Salem for the December 3rd meeting are: Anton Fossen, Bend Chapter President; Forrest Cooper, Director and Chapter Delegate; Marguerite Elder, Bend Chapter Secretary and State Chapter News Editor and Tom Edwards who met the delegation from Bend. Tom Edwards is the State Vice President, as you all know. He reports duck and goose hunting good in the Klamath area.

LA GRANDE CHAPTER No. 4

At the annual election of Officers of the La Grande Chapter the following men were elected. Mr. Oliver McComb of La Grande, President; Mr. J. Wesley of Elgin, Vice President; Mr. Horace J. Williams of La Grande, re-elected Secretary-Treasurer; Mr. Chester H. Armstrong and Joseph K. Campbell, Delegates; Mr. George M. Rother and Charles Erbe, Alternate Delegates.

Mr. J. K. Campbell was elected to the position of Director in District five and as he cannot serve as a Delegate, Mr. Rother will serve as Delegate.

ASTORIA CHAPTER No. 8

At the well attended monthly meeting of Astoria Chapter No. 8, former delegate to the District Council meeting, George Perkins of Jewell was again elected by unanimous vote. Coffee, cake and sandwiches were served after the meeting. George Stults of Seaside won the jackpot, whereupon he paid his dues in advance. The jackpot helps in more ways than one.

The Astoria district is favored with considerable new construction work, all roads leading out of Astoria are under reconstruction, a very modern intersection is almost completed at the junction of the Oregon Coast and Nehalem Secondary highway just north of the Youngs Bay bridge.

Harry Melton and his Extra Gang moved into Astoria last week and at the present time are removing slides from the Columbia River highway.

Betzer, Carter and crews have been in Astoria for the past two weeks installing lights and signs at the new intersection.

Charles E. McCutcheon, former section foreman at Shaniko, has taken up permanent residence in Astoria and is now an operator on the Lewis and Clark bridge. It is also noted that Charley has been experimenting with sagebrush on the coast highway with L. V. Koons.

Claude L. Potter, former operator on the Lewis and Clark bridge has moved to Reedsport. We learn with regret the recent death of Mrs. Potter, and we extend our sympathy. We also wish to extend our sympathy to the Gilbert Sweet family in the recent death of their daughter, Mrs. John Hansen.

ROSE CITY CHAPTER No. 5

This dinner was held at the meeting on November 10.

Sorry to disappoint the readers but our duck dinner didn't happen 'cause no one brought the ducks as promised. We managed to please the members however, for we served baked ham, just plain pork ham, with all the trimmings. About 70 members attended, several from the Portland Chapter. We enjoyed having them and hope to have them again soon. Can't forget to mention Forrest Stewart, a welcome visitor any time. Our ad in the last issue proved very profitable for the crew at North Portland has increased to six men, maybe it pays to advertise. Multnomah is short handed, suppose our prayers will be answered again, bet some of the boys across the pond would like to answer them.

Harry Confer, Section Foreman at Oregon City and an employee of the Highway Department for the past 25 years, has moved to California. Sorry to see him leave but he felt it necessary to be near his daughter and grandchildren.

Guy L. Umscheid, Section Foreman
