

jective times the number of years of membership.

d. All regular employees in service prior to July 1, 1946, will receive an additional pension of \$2.50 per month for each year of service prior to July 1, 1946.

e. Former employees who entered the armer forces after September 15, 1940, will receive prior service credit for time spent in the armed forces if they return to their former employment within one year after termination of the war.

2. DEATH BENEFITS

a. The beneficiaries of an employee who dies before retirement will receive the contributions and interest credited to the deceased employee's account.

3. DEPENDENTS

a. Before retirement an employee may decide to take a lesser retirement allowance per month from his contribution and provide either that:

(1) The balance of his contributions at the time of his death shall be paid in a lump sum to his beneficiary;

(2) The annuity from his contribution shall continue during the lifetime of the beneficiary whom he designates, or

(3) An annuity equal to half the allowance payable to him shall be continued during the lifetime of his beneficiary.

4. DISABILITY RETIREMENT ALLOWANCE

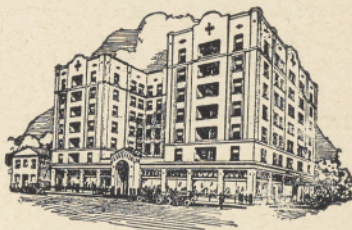

L

a. An employee who is permanently disabled in line of duty and who has worked five years or more for the agency will be paid a disability retirement allowance based upon his contributions and the pension which the employing agency would have paid him at the earliest retirement age.

(1) The amount of disability retirement allowance to be reduced by the amount of any benefits received from the industrial accident commission.

b. An employee who is permanently disabled not in the line of duty and who has worked for the agency for 15 years or more shall receive an annuity based upon his contributions and a pension which the employing agency would
