GOOD VALUE

For Your Money?

•

Employees of the Oregon State Highway Department are offered a hard-to-beat value in Life, Accident and Health and Accidental Death and Dismemberment Insurance through their Group Plan.

Over \$22,000 has already been paid to employees and their beneficiaries.

This Plan contains many advantages that you should know about. Perhaps the most important of these is its low cost to you. As an individual you could not duplicate the favorable terms which you can enjoy as an employee of the Oregon State Highway Department. Group Life Insurance is available to all hourly-rate employees and to monthly-rate employees who receive no more than \$200.00 per month. Accident and Health and Accidental Death & Dismemberment Benefits are also available to hourly-rate employees.
