

This string of fourteen China Pheasants were bagged near La Grande, Oregon on the morning of October 14, 1945. The nimrods reading from left are E. E. Stream, Division Office En-

gineer, Portland; Meredith Boyce, Mgr. of Coney Island Cafe, Portland, and Forrest Stewart, Executive Secretary, Oregon State Employees Association, Salem.

With Forrest in the party to run down the winged chinks no dog was necessary.

Three nice O.S.E.A. meetings were held between hunts, one in Pendleton on October 10th, one in La Grande on October 11th and the other in Baker on the 16th. Forrest left the party, cutting his vacation short, and returned to Salem on the 17th.

The Illinois Legislature has extended the time limit on eligibility for reinstatement to veterans formerly employed by the state who have been hospitalized or who take advantage of the educational opportunities offered to veterans.
