

BEND CHAPTER No. 3

Lynn E. Everson has returned to work for A. A. Fossen, Resident Engineer at Bend, after 2½ years leave of absence in which he served about one year overseas in the European theatre of operation with the 4th Armored Infantry Division.

J. D. Walker from Burns, on his journey to the State Employees Association meeting at Salem February 22 and 23 as delegate from the LaGrande Chapter, stopped at Bend for a visit.

It looks as if S. Paul Jones is relieved of frequent trips over the "Big hump" since copies of the "Engineer's Bible" have been showing up in offices of Resident Engineers. The preparation of this ready reference book shows real ingenuity and industry on the part of those responsible for its preparation.

Marguerite Elder, Secretary for the Bend Chapter was forced to take a week away from her duties at the Bend Division office last week due to a serious attack of influenza. The office just didn't seem the same until she returned.

John M. Meeks from Brothers, made a trip to Portland recently, but it was of short duration. It must have been kind of foggy down there.

Does anyone know where we can buy, rent, beg or steal a house, trailer house or shack?

An addition has been made in the Redmond Highway Office. Purl Arensmeier has set up an office there, being in charge of all traffic counting in this part of the state.

Since last reporting on Chapter News from Bend, Everett Lynam, who served as a Seabee, has returned to the Brothers Maintenance Crew. Another veteran, Don Orey, has signified his intention to return to Brothers very soon. We are getting the "old gang" back again.

Those who have reported on the February 22, 23 and 24th meeting of the General Council in Salem are bringing exceedingly encouraging word of the

activities of the Association. We are all greatly pleased with the Association's choice of new officers. The accomplishments to date have been very gratifying and the future of the Association is assured. We feel a sense of pride in being a part of it.

LaGRANDE CHAPTER No. 4

Ed Corta and his wife of Blue Mt. Pass, are now parents of a 7 pound 12 ounce son.

L. H. Warfield has returned to Fossil as Resident Engineer, after 30 months' service in China as Captain in the Army. Welcome back.

At work with the department at Baker is Roland Frost, recently discharged from the service. Frost saw service in the Pacific and was in the Army for about three years. Welcome back Ronald.

The Constitution and By-Laws of the LaGrande Chapter are now in a small book form consisting of 12 pages. Very handy, small enough to put in a pocket or purse.

Leo Brunell wants to know if Le-land Dixon, Burns Officeman, is going to be married soon. Just curiosity.

What employee at the LaGrande Shops tried to enlarge what bridge. Best he could do was break his headlights. Try the engineers the next time—that is their job to enlarge bridges—also not so hard on your car.

ALBANY CHAPTER No. 7

The Albany Chapter held its regular monthly meeting at the Albany Hotel on March 5th. Thirty-five members were present, which was the largest turnout for several months. Three new highway employees were signed up as members. Mr. Smith, the president, gave an interesting account of the General Council meeting. A committee was appointed to investigate the possibility of
