

Mr. Smith continued with his report of the Ways and Means Committee:

Round-Up Chapter No. 24 submitted a resolution that Association dues be increased.

The committee recommended that this resolution do not pass because the budget showed there would be sufficient funds to carry on the activities of the Association unless something unforeseen comes up. The report of the committee was adopted and the resolution did not pass.

Astoria Chapter No. 8 submitted a resolution that the state pay for telephones when ordered maintained for state use only.

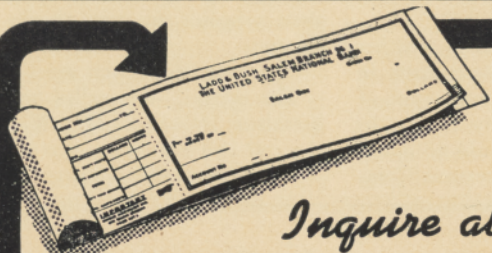

The committee recommended that this resolution do not pass because it concerns only one or two members in one department and suggested that individual problems be referred direct to the Board of Directors and the Executive Secretary instead of bringing them up before the Council. The report of the committee was adopted and the resolution did not pass.

A resolution was submitted by Oregon Chapter No. 22 suggesting a questionnaire to determine the attitude of candidates for election to the Oregon Legislature on matters pertaining to the welfare of state employees.

The committee recommended that the resolution do not pass. The committee felt that we have no right to ask a candidate for public office to commit himself on any measure that might come up and that we should not cause the officers of the Association any embarrassment by asking them to contact men who are running for office. The report of the committee was adopted and the resolution did not pass.

The following resolution was recommended for adoption.

BE IT RESOLVED by the General Council of the Oregon State Employees Association annual meeting assembled, that a vote of thanks and appreciation be extended by this body in behalf of each and every member of the Council and in behalf of the entire membership of the Association to the governor and
