Walter Gillard, Lt. Col. Many of these were former state employees. The chapter having been formed in their absence, perhaps in the future we can count them among the members.

May 7 was our last meeting until fall. "Frank" Neil Witting doubled his appetite for angel food cake with whipped cream by reading the newly proposed by-laws of the chapter. We wish to express our gratitude to the by-laws committee for their sincere and worthy efforts.

A chapter meeting will be held in September to nominate officers for election in October. It has been decided the annual counsel meeting be held before the coming Legislature, thus necessitating a change in chapter election dates. Marion makes an interesting flight twice weekly from the island of Oahu to the larger island of Hawaii. The City of Hilo is located on the second island, and was the recent scene of a disastrous tidal wave. On this island is the famed semi-active

Lt. Kenneth W. King was recently discharged from the air corps and is back at his old desk in the audit section, catering to the needs of the public as office auditor.

Chief Examiner Donald Jerome Burke has been reading about the giant rainbow trout being taken from Kamloops Lake in Idaho. He dreams about making the trip in a Piper Cub plane, spending a couple of days.
