

## Introducing Our Secretary-Treasurer

Max F. Rogers was born in Heppner, Oregon, April 22, 1899. His parents were descendents of early pioneers of the territory of Oregon.

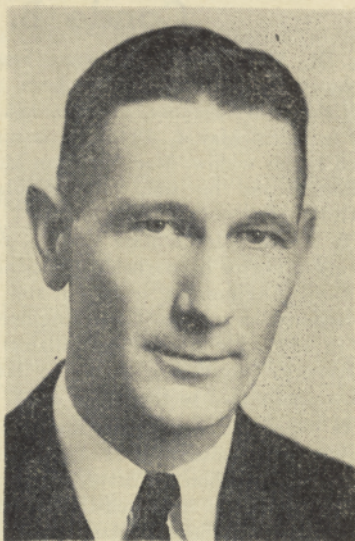

He attended grade school and high school in Heppner and after graduating in 1918 enlisted in the Coast Artillery Corps in the first World War. Following the close of the war he entered Oregon State College and at the end of three years, due to financial handicap, found it necessary to join the ranks of the employed.

Max was employed by the C. C. Wilson Lumber Company, being shortly promoted to office manager. In 1924 the company mill burned and as rebuilding was not contemplated, Max found himself unemployed. In 1925 he obtained a position with the Oregon State Engineer as a transit roddman. He was promoted to water master of Lake County in 1926; in 1928 he was promoted as assistant to the State Engineer's Hydrographic Division and again in 1929 to the Adjudication Division. In 1930 he was promoted to Office Engineer for the State Engineer which position he now holds.

Since boyhood Max has been an ardent hunter and fisherman and he knows just when and where to go to have the most success. He also is much interested in philately and has a fine stamp collection.

He resides in his home at 1995 S. Cottage, Salem, Oregon, with his wife, Mildred and their son, Wayne, 13.

Max is a member of the American Legion and a charter member of Marion Chapter No. 18, O.S.E.A., having twice been elected as delegate by this chapter. He also is a charter member and Director of the State Employees' Credit Union. Max abounds with energy and enthusiasm, and gives unstintingly of his talents to whatever

Max F. Rogers

task is before him. He is friendly, courteous, tactful and conscientious in his dealing with people and brings a mature and well-balanced sense of judgement to his new work. His education, experience and personality well qualify him for the position of Secretary-Treasurer of the Oregon State Employees Association.
